Dear Ted, I'm a little late getting this message but now I think we have all the information. I spoke to Courtney early this morning and to CAS this afternoon after I got to Seattle. We will be in Seattle until Sunday morning when we depart for Alaska at 7:00 a.m. As you will recall; Augie Payone and his company Christian Builders was the general contractor and he gave me bills which i gave to CAS which she paid. You, CAS and I were not involved in anything other than that. My best, Bob
