14.3 E CANYON	06/26/07 19:30 CST		0	Flash Flood (due to Heavy Rain)
	06/26/07 21:30 CST		0	34.95N, 101.67W

The Texas Parks and Wildlife Service reported that the low water crossings in Palo Duro Canyon State Park were flooded with two and a half feet of water flowing over low water crossing number six and three and a half feet of water flowing over low water crossing number five. No damage or injuries were reported.

Severe thunderstorms during the afternoon and early evening hours produced hail and high winds across the western...central and southern Texas Panhandle. Very heavy rainfall from the thunderstorms resulted in flash flooding over the south central Texas Panhandle. No damage or injuries were reported.
