2. *Administrative and National Policy Requirements*: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section in this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section in this notice and include these and other specific conditions in the GAN. The GAN also incorporates its approved application as part of its binding commitments under the grant.

3. *Reporting*: At the end of the project period, the IHE must submit a final performance report, including the final reports of all of the IHE's fellows, and financial information, as directed by the Secretary. The IHE and fellows are required to use the electronic reporting International Resource Information System (IRIS) to complete the final report.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Fulbright-Hays Group Projects Abroad (GPA) Program supports overseas projects in training, research, and curriculum development in modern foreign languages and area studies for groups of teachers, students, and faculty engaged in a common endeavor. Projects are short-term and include seminars, curriculum development, or group research or study. This competition also will support advanced overseas intensive language projects, which give advanced language students the opportunity to study languages overseas.

Priorities: In accordance with 34 CFR 75.105(b)(2)(ii), these priorities are from the regulations for this program (34 CFR 664.31(g) and 664.32).

Absolute Priority: For FY 2008, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Specific geographic regions of the world: A group project funded under this priority must focus on one or more of the following geographic regions of the world: Africa, East Asia, South Asia, Southeast Asia and the Pacific, the Western Hemisphere (Central and South America, Mexico, and the Caribbean), East Central Europe and Eurasia, and the Near East.

Within this absolute priority, we give competitive preference to applications that address the following priorities.

Competitive Preference Priority I: For FY 2008 this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), and 664.31(g) we award an additional five (5) points to an application that meets this priority.

This priority is:

Applications that propose short-term projects abroad and advanced overseas intensive language programs in the countries in which the following critical languages are spoken: Arabic, Chinese, Japanese, Korean, Russian, as well as

the Indic, Iranian, and Turkic language families.

Competitive Preference Priority II: For FY 2008, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), and 664.31(g) we award an additional five (5) points to a short-term project abroad application, that meets this priority.

This priority is:

Short-term seminars that develop and improve foreign language and area studies at elementary and secondary schools.

Program Authority: 22 U.S.C. 2452.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99. (b) The regulations for this program in 34 CFR part 664.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: The Administration has requested \$12,610,000 for the Overseas programs for FY 2008, of which we intend to allocate \$4,263,000 for the GPA competition. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process if Congress appropriates funds for this program.

Note: As part of its FY 2008 budget request, the Administration proposed to continue to allow funds under this program to be used to support the participation of individuals who plan to apply their language skills and knowledge of countries vital to the United States' national security in fields outside teaching, including government, the professions, or international development. Therefore, institutions of higher education may propose projects for visits and study in foreign countries by individuals in these fields, in addition to those planning a teaching career. However, authority to use funds for participants outside of the field of teaching depends on final Congressional action. Applicants will be given an opportunity to amend their applications if this authority is not provided.

Estimated Range of Awards: \$50,000–\$90,000 for short-term projects; \$50,000–\$375,000 for the advanced overseas intensive language projects.

Estimated Average Size of Awards: \$74,000 for short-term abroad projects and \$104,000 for the advanced overseas intensive language projects.

Maximum Award: We will reject any short-term abroad project application

that proposes a budget exceeding \$90,000 for a single budget period of 12 months. We will reject any advanced overseas intensive language application that proposes a budget exceeding \$375,000 for a single budget period of 12 months. The Assistant Secretary for Postsecondary Education may change the maximum amount through a notice published in the **Federal Register**.

Estimated Number of Awards: 45.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 12 months for short-term abroad projects and up to 48 months for the advanced overseas intensive language projects.

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the section of the narrative that addresses the selection criteria to no

more than 40 pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides. Page numbers and an identifier may be outside of the 1” margin.

- Double space (no more than three lines per vertical inch) all text in the application narrative, *except* titles, headings, footnotes, quotations, references, captions and all text in charts, tables, and graphs may be single spaced. Charts, tables, figures, and graphs in the application narrative count toward the page limit.

- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch). However, you may use a 10-point font in charts, tables, figures, and graphs.

- Use one of the following fonts: Times New Roman, Courier, Courier New or Arial. Applications submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.

The page limit only applies to the application narrative and bibliography. The page limit does not apply to Part I, the Application for Federal Assistance face sheet (SF 424); the supplemental information form required by the Department of Education; Part II, the budget information summary form (ED Form 524); and Part IV, the assurances and certifications. The page limit also does not apply to a table of contents. If you include any attachments or appendices not specifically requested, these items will be counted as part of the Program Narrative (Part III) for purposes of the page limit requirement. You must include your complete response to the selection criteria in the program narrative.

We will reject your application if you apply these standards and exceed the page limit.

3. *Submission Dates and Times:* Applications Available: August 31, 2007. Deadline for Transmittal of Applications: October 4, 2007.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically or by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to Section IV. 6. *Other Submission Requirements* in this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid

in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice. Deadline for Intergovernmental Review: December 4, 2007.

4. *Intergovernmental Review*: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. *Funding Restrictions*: We reference the regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Other Submission Requirements*: Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Fulbright-Hays, Groups Projects Abroad Program—CFDA Number 84.021A must be submitted electronically using the Governmentwide Grants.gov Apply site at: <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit the application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You can access the electronic grant application for the GPA Program at: <http://www.Grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA

number's alpha suffix in your search (e.g., search for 84.021, not 84.021A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted, and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider the application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve the application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at: <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR), and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>).

You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take

five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit the application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipts by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to its application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m.,

Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact either of the persons listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and can submit the application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Lungching Chiao, U.S. Department of Education, 1990 K Street, NW., 6th Floor, Washington, DC 20006–8521. FAX: (202) 502–7860.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

The Department will use the following measures to evaluate the success of the program in meeting this objective.

GPA Performance Measure:

a. The difference between the average language competency of the Fulbright-Hays Group Projects Abroad program recipients at the end of their period of instruction and their average competency at the beginning of the period.

b. Percentage of GPA projects judged to be successful by the program officer, based on a review of information provided in annual performance reports.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION**Privacy Act of 1974; System of Records—Evaluation of Conversion Magnet Schools**

AGENCY: Institute of Education Sciences, Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), the Department of Education (Department) publishes this notice of a new system of records entitled "Evaluation of Conversion Magnet Schools" (18-13-18). The National Center for Education Evaluation and Regional Assistance at the Department's Institute of Education Sciences (IES) commissioned this evaluation. IES awarded a contract to American Institutes for Research (AIR) and Berkeley Policy Associates (BPA) in September 2006 to conduct this evaluation. IES has been collaborating with the Department's Office of Innovation and Improvement (OII) to plan and implement the study of the relationship between magnet school conversion and student outcomes at the elementary school level.

The study will occur in two phases during which the following questions will be addressed:

(1) Are sufficient data available from the 2004 and 2007 Magnet Schools Assistance Program (MSAP) grantees to conduct an evaluation of elementary conversion magnet schools and provide descriptive analyses of such schools?

(2) What is the relationship of magnet school conversion to (i) The educational achievement of students attending the magnet schools that are their neighborhood schools (resident students); (ii) the reduction of minority group isolation in the magnet schools and corresponding district; and, (iii) the educational achievement of non-resident students who apply for admission to over-subscribed magnet programs?

The system will contain information about elementary school students who attend approximately (i) 50 conversion magnet schools and (ii) 100 elementary schools that are not magnet schools that will serve as comparison elementary schools for the purposes of this study. The total number of elementary school students included in this system of records will be approximately 15,000 per year for the years 2004-2005 through 2009-2010 and approximately 7,500 per year for the years 2001-2002 through 2003-2004. The 50 magnet schools in the study are drawn from
