I. Funding Opportunity Description

Purpose of Program: The purpose of this program is to stimulate technological innovation, strengthen the role of small business in meeting Department of Education research or research and development (R/R&D) needs, and increase the commercial application of innovations derived from Department-supported research or research and development.

For FY 2004, applicants must present activities that focus on priorities listed in the Priorities section of this application notice.

Priorities:

For FY 2004, we have selected two priorities for the SBIR program. An application must be limited to one priority listed in this notice. Duplicate applications will be returned without review. When an application is relevant to more than one priority, the applicant must decide which priority is most relevant and submit it under that priority only. However, there is no limitation on the number of different applications that an applicant may submit under this competition, even to the same priority. A firm may submit separate applications on different priorities, or different applications on the same priority, but each application should respond to only one priority.

Priorities

We invite applications that meet one of the following priorities. Awards for each priority will be made for amounts up to \$100,000.

Priority 1—Services

This priority supports research to develop effective business consulting services that can better serve the education community at both the local and State levels. The Institute's SBIR program invites proposals that seek to develop a plan or a business model for the provision of such services. More details about this priority can be found in the application package.

Priority 2—Products

This priority supports the development of empirically derived educational products in the areas of reading, mathematics, science or character/pro-social development at the pre-kindergarten through postsecondary levels, including products that support teachers and administrators as well as products that are used directly by students. More details about this

priority can be found in the application package.

Successful applicants will be expected to collect some empirical evidence as to the effectiveness of the service or product they are proposing, or, at a minimum, to incorporate a plan for measuring its efficacy and usefulness.

Program Authority: The Small Business Reauthorization Act of 2000, Pub. L. 106-554 (15 U.S.C. 631 and 638) and the Education Sciences Reform Act of 2002, Title I of Pub. L. 107-279 (20 U.S.C. 9501 *et seq.*).

DEPARTMENT OF EDUCATION

Arbitration Panel Decision Under the Randolph-Sheppard Act

AGENCY: Department of Education.

ACTION: Notice of arbitration panel decision under the Randolph-Sheppard Act.

SUMMARY: The Department gives notice that on April 11, 2003, an arbitration panel rendered a decision in the matter of *Joseph Urbanek v. South Carolina Commission for the Blind (Docket No. R-S/01-7)*. This panel was convened by the U.S. Department of Education, under 20 U.S.C. 107d-1(a), after the

Department received a complaint filed by the petitioner, Joseph Urbanek.

SUPPLEMENTARY INFORMATION: Under section 6(c) of the Randolph-Sheppard Act (the Act), 20 U.S.C. 107d-2(c), the Secretary publishes in the **Federal Register** a synopsis of each arbitration panel decision affecting the administration of vending facilities on Federal and other property.

Background

This dispute concerns the alleged failure of the South Carolina Commission for the Blind, the State licensing agency (SLA), to properly administer the vendor selection process regarding a military mess hall dining facility at Fort Jackson, South Carolina, in violation of the Act (20 U.S.C. 107 *et seq.*) and the implementing regulations in 34 CFR part 395.

A summary of the facts is as follows: Complainant, Joseph Urbanek, is a licensed Randolph-Sheppard vendor with the South Carolina Commission for the Blind. In June 2000, the SLA posted a bid notice with a closing date of June 9 for the dining facility at Fort Jackson, South Carolina.

Complainant and four other vendors applied for the Fort Jackson opening. The SLA's selection committee interviewed all candidates, including Mr. Urbanek, on June 26, 2000. After the interviews, one of the other vendors was awarded the Fort Jackson dining facility.

Complainant alleged that the SLA misapplied its selection criteria by refusing to select him to receive the Fort Jackson dining facility and instead awarded the location to another experienced blind vendor in violation of State rules and regulations. Complainant also alleged that the SLA was biased against him in pre-selecting the vendor who was awarded the Fort Jackson facility resulting in a denial of his right to due process.

The complainant requested a State fair hearing, which was held on November 27, 2000. On February 5, 2001, the hearing officer affirmed the SLA's denial of complainant's bid for the Fort Jackson dining facility.

Arbitration Panel Decision

The issue heard by the panel was whether the South Carolina Commission for the Blind violated the Act, 20 U.S.C. 107 *et seq.*, the implementing regulations in 34 CFR part 395, and the State regulations by allegedly improperly denying complainant's bid on the military mess hall dining facility at Fort Jackson, South Carolina.

After reviewing all of the records and hearing testimony of witnesses, the panel ruled that the SLA's selection

committee was not biased against the complainant's bid for the Fort Jackson dining facility.

Specifically, the complainant alleged that the SLA selection committee was biased against him by adding to the five-factor selection criteria to include information on each applicant's creditworthiness, financial status, prior experience outside the blind vending program, and personal references. Also, the complainant objected to Mr. Johnson, the successful applicant, serving on a study committee that considered and recommended changes in the selection criteria for the Fort Jackson dining facility.

The panel concluded that, based on the evidence and testimony presented, the additional information requested by the study committee did not have the effect of favoring either applicant.

Furthermore, the panel determined that Mr. Johnson's decision to serve on the study committee at the same time he was submitting a bid for the Fort Jackson dining facility did not advance or hinder Mr. Urbanek's bid for the same facility. In addition, the panel found that the SLA had a legitimate basis to review and improve the selection criteria given that the Fort Jackson facility was an important breakthrough for the SLA.

Finally, the panel determined that the selection committee had justification for the final ratings for the bidders. According to the panel only three of the rating factors involved judgment. All five members rated the complainant lower overall than Mr. Johnson.

The panel found that there was nothing in the unanimous judgment of the selection committee in selecting the blind vendor that required a remedy. Both bidders were qualified, but the committee found Mr. Johnson to be more qualified. According to the panel, the committee's selection of Mr. Johnson was a matter committed to its sound discretion. On this basis, the panel denied plaintiff's claim.

The views and opinions expressed by the panel do not necessarily represent the views and opinions of the U.S. Department of Education.
