

Pentagon, Washington, DC 20301-3060, telephone (703) 697-9553.

SUPPLEMENTARY INFORMATION:

Subsection (a) of 10 U.S.C. 2534 provides that the Secretary of Defense may procure the items listed in that subsection only if the manufacturer of the item is part of the national technology and industrial base. Subsection (i) of 10 U.S.C. 2534 authorizes the Secretary of Defense to exercise the waiver authority in subsection (d), on the basis of the applicability of paragraph (2) or (3) of that subsection, only if the waiver is made for a particular item listed in subsection (a) and for a particular foreign country. Subsection (d) authorizes a waiver if the Secretary determines that application of the limitation "would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items" and if he determines that "that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country." The Secretary of Defense has delegated the waiver authority of 10 U.S.C. 2534(d) to the Under Secretary of Defense Acquisition, Technology, and Logistics).

DoD has a reciprocal procurement Memorandum of Understanding (MOU) with the UK that was signed on December 13, 1994.

The Under Secretary of Defense (Acquisition, Technology, and Logistics) finds that the UK does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in the UK, and also finds that application of the limitation in 10 U.S.C. 2534 against defense items produced in the UK would impede the reciprocal procurement of defense items under the MOU.

Under the authority of 10 U.S.C. 2534, the Under Secretary of Defense (Acquisition, Technology, and Logistics) has determined that application of the limitation of 10 U.S.C. 2534(a) to the procurement of any defense item produced in the UK that is listed below would impede the reciprocal procurement of defense items under the MOU with the UK.

On the basis of the foregoing, the Under Secretary of Defense (Acquisition, Technology, and Logistics) is waiving the limitation in 10 U.S.C. 2534(a) for procurements of any defense item listed below that is produced in the

UK. This waiver applies only to the limitations in 10 U.S.C. 2534(a). It does not apply to any other limitation, including section 8016 and 8064 of the DoD Appropriations Act for Fiscal Year 2001 (Public Law 106-259). This waiver applies to procurements under solicitations issued during the period from August 19, 2001, to August 18, 2002. Similar waivers were granted for the period from August 4, 1998, to August 18, 2001 (63 FR 38815, July 20, 1998, 64 FR 38896, July 20, 1999, and 65 FR 47968, August 4, 2000). For contracts resulting from solicitations issued prior to August 4, 1998, this waiver applies to procurements of the defense items listed below under—

(1) Subcontracts entered into during the period from August 19, 2001, to August 18, 2002, provided the prime contract is modified to provide the Government adequate consideration such as lower cost or improved performance; and

(2) Options that are exercised during the period from August 19, 2001, to August 18, 2002, if the option prices are adjusted for any reason other than the application of the waiver, and if the contract is modified to provide the Government adequate consideration such as lower cost or improved performance.

List of Items to Which This Waiver Applies

1. Air circuit breakers.
2. Welded shipboard anchor and mooring chain with a diameter of four inches or less.
3. Gyrocompasses.
4. Electronic navigation chart systems.
5. Steering controls.
6. Pumps.
7. Propulsion and machinery control systems.
8. Totally enclosed lifeboats.
9. Ball and roller bearings.

BILLING CODE 5000-04-M

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 2, 2001.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: July 30, 2001.

John Tressler,

Leader, Regulatory Information Management, Office of the Chief Information Officer.

Office of the Undersecretary

Type of Review: New.

Title: School and Community Prevention Activities: A National Study of the Safe and Drug-Free Schools Program.

Frequency: One time.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs; Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 4,589.

Burden Hours: 2,397.

Abstract: The School and Community Prevention Activities: A National Study of the Safe and Drug-Free Schools Program will assess the quality of prevention activities funded by the Safe and Drug-Free Schools and Communities Act Program and identify changes that will increase program effectiveness. Data collection will include a pilot study, a national mail survey of districts and schools, a national mail survey of Governor's programs and a feasibility study of the relationship of quality and student outcomes. During site visits to a sub-sample of schools, detailed information will be gathered about program quality.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, or should be addressed to Vivian Reese, Department of Education, 400 Maryland Avenue, SW, Room 4050, Regional Office Building 3, Washington, D.C. 20202-4651. Requests may also be electronically mailed to the internet address OCIO_IMG_Issues@ed.gov or faxed to 202-708-9346.

Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be directed to Jacqueline Montague at (202) 708-5359 or via her internet address Jackie.Montague@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Federal Energy Regulatory Commission

[Docket No. RP96-312-056]

Tennessee Gas Pipeline Company; Notice of Negotiated Rate Filing

July 31, 2001.

Take notice that on July 25, 2001, Tennessee Gas Pipeline Company (Tennessee), tendered for filing a Negotiated Rate Arrangement. Tennessee requests that the Commission approve the Negotiated Rate Arrangement effective July 25, 2001.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission,

888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

David P. Boergers,

Secretary.

[Docket No. CP01-409-000, Docket No. CP01-410-000, Docket No. CP01-411-000]

Calypso Pipeline, LLC; Notice of Application

July 30, 2001.

Take notice that on July 20, 2001, Calypso Pipeline, LLC (Calypso), 1400 Smith Street, Houston, Texas 77002, filed an application in the above-referenced docket numbers pursuant to Section 7(c) of the Natural Gas Act, as amended, and Parts 157 and 284 of the Commission's Rules and Regulations, for: (1) a certificate of public convenience and necessity; (i) authorizing Calypso to construct, own, and operate a new natural gas pipeline under Part 157, Subpart A, (ii) approving the pro forma tariff, and (iii) approving the proposed initial rates for service; (2) a blanket certificate authorizing Calypso to construct, operate, and abandon certain facilities (self-implementing routine activities) under Part 157, Subpart F; and (3) a blanket certificate authorizing Calypso to transport natural gas, on an open access and self-implementing basis, under Part 284, Subpart G. The application is on file with the

Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (please call (202) 208-2222 for assistance).

Calypso requests authorization to construct, own, and operate a new pipeline system consisting of approximately a 36 mile, 24-inch offshore segment and approximately a 5.8 mile, 24-inch onshore segment. The offshore pipeline will extend from the boundary of the U.S. Exclusive Economic Zone (EEZ) and the Bahama EEZ, off the southeast Florida coastline (as defined in the 1995 Department of State Public Notice 2237—Exclusive Economic Zone and Maritime Boundaries; Notice of Limits U.S. Atlantic Coast and Gulf of Mexico¹) to shore at Port Everglades in Fort Lauderdale, Florida. The proposed onshore pipeline segment will be located in Broward County, Florida. The onshore pipeline segment will connect the offshore pipeline with Florida Gas Transmission Company's ("FGT") existing 24-inch Lauderdale Lateral at Mile Post 1.6 in Broward County, Florida. Calypso's proposed pipeline was designed to transport up to 832,000 MMBtu per day.

Calypso states that it would receive natural gas from a non-jurisdictional offshore pipeline that would be constructed and would consist of approximately 53.9 miles of 24-inch pipe. This non-jurisdictional pipeline would start at an LNG storage terminal and regasification facility that would be built in Freeport, Grand Bahama Island and end at an interconnection with Calypso's proposed offshore segment at the U.S./Bahamian EEZ boundary.

Calypso estimates that the total capital cost of constructing the pipeline and appurtenant facilities will be approximately \$132 million. Calypso also filed a pro forma FERC Gas Tariff showing the initial rates for firm transportation service, consisting of a 7.32 cents/MMBtu reservation charge, and a 0.22 cents/MMBtu usage charge; and for interruptible transportation service, a 7.54 cents/MMBtu usage charge. The usage rate for interruptible service is a 100% load factor derivative of the firm service rate. Calypso also requests a limited waiver for the requirement to include a discount recognition provision in its tariff. Calypso states that this requirement is inapplicable to Calypso because Calypso currently has no categories of discountable charges other than the base rates.
