

and Safety Standards Act (CWHSSA). Under DBRA, every contract subject to the Act must contain a provision (i.e., wage determination) stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics employed on the contract. In order for the Wage and Hour Division (WHD) of the Department of Labor (DOL) to establish minimum rates for classes of employees omitted from wage determinations, employers must submit a Report of Conformed Classifications and Wage Rates for review and approval. Further, the Act provides that "wages" may include ". . . costs to the contractor or

subcontractor which may be reasonably anticipated in providing benefits to laborers or mechanics . . .". Where a benefit plan is not of the conventional type described in the Act and/or common in the construction industry, it is necessary to determine whether the benefit is a "bona fide" benefit under the Act. Therefore, contractors must request approval of such fringe benefit plans from the Wage and Hour Division.

II. Current Actions

The Department of Labor (DOL) seeks extension of approval to collect this information in order to carry out its responsibility to meet the statutory requirements of the Act. The

information will be used by Wage and Hour to establish minimum wage rates for classes of employees not listed in a wage determination, and to determine whether a fringe benefit is "bona fide" fringe benefit within the definition of the Act.

as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage

law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.

Modifications to General Wage Determination Decisions
