Refuge Facts

- Established: 1997.
- Acres: approximately 4,200 (6,000 acres in approved acquisition boundary).
- Refuge established by a unique, free, 99-year lease with City of Monroe.
- Located in Ouachita Parish, LA.
- Office currently located on D'Arbonne National Wildlife Refuge, 10 miles north of West Monroe, LA on LA Highway 143.

Natural History

- The existing refuge consists of pristine wetlands associated with a shallow cypress studded lake, riparian areas and farm fields in the watershed that will be reforested.
- The area provides excellent habitat for wetland dependent fish and wildlife such as waterfowl, wading birds, neotropical migrants, and game fish.

Financial Impact of Refuge

- North Louisiana Refuge Complex 17-person staff.
- D'Arbonne, Handy Brake, Red River, Upper Ouachita, Black Bayou Lake NWR's and Louisiana Wetlands Management District are administered under the North Louisiana Refuges Complex with a total budget for FY 05 of \$1,435,500.
- Black Bayou receives 36,000 visitors annually.

Refuge Objectives

- Protect and enhance habitat for endangered species, waterfowl, neotropical migrants, and resident wildlife.
- Provide environmental education/interpretation in a semi-urban setting.
- Provide high quality recreational fishing opportunities.

- Protect the long-term water quality of Black Bayou Lake.

Management Tools

- Forest management including reforestation.
- Public education/interpretation.
- Hunting and fishing.
- Law enforcement.
- Partnerships and volunteer program.
