(1) Includes only large vessels paying tolls greater than the minimum tariffs implemented on June 1, 1998.

(2) The measurement system for Panama Canal tolls assessment, the Panama Canal/Universal Measurement System (PC/UMS). This amount also includes the conversion of the number of TEU that transited the Canal.

(3) Includes 35 transits without reported registered tonnage.

NOTE: In Canal traffic statistics, foreign vessels such as transports, supply ships, tankers, etc. , that pay tolls greater than the minimum tariffs implemented on June 1, 1998, are classified as oceangoing commercial vessels. Statistics on these vessels, except as relates to displacement tonnage, have been included in the table above. As displacement tonnage cannot be combined with net tonnage, the following table shows statistics covering 90 vessels which transited the Canal during fiscal year 2007 and paid tolls on displacement tonnage.
