

Item	Estimated time for response (minutes)	Estimated annual responses	Estimated annual burden hours
Section 7 Request (paper)	23	1,900	722
Totals	3,800	1,349

Estimated Total Annual Non-hour Respondent Cost Burden: \$38,432,104. There are no capital start-up or maintenance costs associated with this information collection. However, there are additional filing fees and postage costs associated with the Section 7 Requests being added to this collection.

There is a \$100 filing fee for Section 7 Requests unless the correction is due to a USPTO error, in which case there is no fee. The USPTO estimates that approximately 2,533 of the 3,800 expected Section 7 Requests would require the fee, for a total of \$253,300 in filing fees being added to this collection due to these requests.

Customers may incur postage costs when submitting a Section 7 Request to the USPTO by mail. The USPTO estimates that it may receive up to 1,900 mailed submissions per year with an estimated postage cost of 41 cents per response, for a total of \$779 in postage costs being added to this collection due to these requests.

The Section 7 Requests being added to this collection have an annual (non-hour) cost of \$254,079 in the form of filing fees and postage costs. When added to the previously approved burden for this collection, the total annual (non-hour) costs for this collection would be \$38,432,104.

Background

The Corporation developed the Financial Management Survey to implement its pre-award policy (CFO-029, effective 1/17/02) which provides reasonable assurance that federal grant funds will be expended and accounted for in ways that meet program objectives, the award terms and conditions, and applicable federal statutes, regulations and guidelines. The Financial Management Survey standardizes the pre-award process and ensures uniform consideration of the capacity of prospective grantees of the Corporation to manage federal funds.

The Financial Management Survey will be used for the following purposes:

(1) As a pre-award assessment tool of the capacity of a potential grantee to manage federal funds in excess of \$100,000; and

(2) As part of the basis for determining the financial management areas in which a prospective grantee, should it receive an award from the Corporation, may warrant technical assistance.

Current Action

The Corporation seeks to renew and revise the current Financial Management Survey. The revised Financial Management Survey is more user friendly, eliminates duplication in the survey, and clarifies questions to further allow Corporation staff to assess financial capabilities. The survey will otherwise be used in the same manner as the existing survey. The Corporation also seeks to continue using the current survey until the revised survey is approved by OMB. The current survey is due to expire on January 31, 2008.
