

FedBizOpps Web Site Domain Name Change

The General Services Administration will deactivate the domain name "eps.gov". This will be replaced with the domain name "fbo.gov." Your user ID and password will remain the same to access FedBizOpps.

Online users should change their bookmarks from "eps.gov" to "fbo.gov."

Email submissions will no longer be accepted at "eps@eps.gov". The new e-mail address is "submit@fbo.gov."

File Transfer Protocol (FTP) users will connect to "[ftp.fbo.gov](ftp://ftp.fbo.gov)" instead of "[ftp.eps.gov](ftp://ftp.eps.gov)." FTP users will also have to get a new user ID and password. If you use FTP to connect to FedBizOpps, please contact Angelia Fleming Loggie to obtain the new information.

The new e-mail and FTP addresses are now available. The old addresses will be phased out as Fall approaches. Please make the appropriate changes no later than September 1, 2005.

If you have any questions or concerns about this change, please contact Angelia Fleming Loggie on 301-504-1730 or via e-mail at aloggie@ars.usda.gov.

ISSUE DATE: SEPTEMBER 2005
