# 2007 Annual Employee Survey Results Broadcasting Board of Governors

1. Interpretation of Results: The 2007 Annual Employee Survey was conducted for the Broadcasting Board of Governors by the Office of Personnel Management. The survey was designed to assess employee perceptions on a variety of work-related issues. Forty-one percent of our workforce completed the survey.

The Board of Governors and senior agency management appreciate the participation of those employees who completed the survey.

Results of the 2007 survey of Chief Financial Officer (CFO), General Counsel (GC), Broadcasting Board of Governors (BBG) staff, International Broadcasting Bureau (IBB), Voice of America (VOA) and Office of Cuba Broadcasting (OCB) employees came in with a clear message: employees like their work and believe it is important, but remain concerned about a number of serious issues.

The Board, IBB, VOA and OCB management acknowledge the feedback and remain committed to continuing to address these issues.

- **2. How the survey was conducted:** The survey was conducted online from November 5, 2007 to November 30, 2007.
- **3. Description of sample:** All 1742 full-time permanent employees of the agency were surveyed.
- **4. Survey items and response choices:** See the tables on the following pages.
- 5. Number of employees surveyed, number who responded, and representativeness of respondents: Of the 1742 employees surveyed, 708 responded, for a 41% response rate. These respondents are representative of the population except for supervisory status. A higher percentage of supervisors responded to the survey compared to the population, and a lower percentage of non-supervisors took the survey compared to the population. In addition, more survey respondents indicated they were team leaders than exist in the population.
