

GSA FIPS 201 Evaluation Program Product/Service Upgrade Form

This form serves as official Supplier notification to the FIPS 201 Evaluation Program Laboratory that an update to a Supplier's product or service, which is currently listed on the Approved Products List, has been made. In order for the updated version to be listed on the APL, the Lab will need to review the updates made to the product or service.

When submitting and updated Product/Service, ensure that the necessary documentation that articulates the exact changes is sent to the Lab. Examples of such documentation include diagrams/drawings, configuration management documents, developer/release notes, product literature, samples, etc.

Directions:

- 1. Fill out this form in its entirety. Incomplete forms will not be accepted by the Lab for review. NOTE: The original part number <u>must</u> be used for an upgraded product.
- 2. When complete, print this form to be signed in blue or black ink. Scan the signed document and send to the Lab for review.
