## Annual Employee Survey Results, 2007

## Small Business Administration 2007

## All Respondents

1. How the survey was conducted: The survey was conducted online from October 15th, 2007 to October 31st, 2007.
2. Description of sample: All 2080 full-time permanent employees of the agency were surveyed with the exception of ODA(Office of Disaster), Public Law (mostly Advocacy term employees) and OIG (Office of the Inspector General) employees. These offices were excluded from the AES because they are not considered full time permanent regularly funded employees. SBA also wanted to survey the same population that OPM identified for the 2006 FHCS which was full time permanent regularly funded employees.
3. Survey items and response choices: See the tables on the following pages.
4. Number of employees surveyed, number who responded, and representativeness of respondents: Of the 2,080 employees surveyed, 1,758 responded, for a $85 \%$ response rate. These respondents are representative of the population except for an overrepresentation of Team Leaders and Managers and an underrepresentation of Supervisors. Representation could not be established for participants who consider themselves to be of two or more races and for the comparison between participants locted in headquarters versus the field.
