---

**Change summary:**

The FBCA CPWG recommends the following change to accurately represent in this policy the responsible party in the case of disputer resolution in the use of certificates.

**Background:** The need for this change proposal was realized while reviewing other comments for the E-Governance CA CP at the 23 July 2004 CPWG meeting. This change was formalized into a change proposal because it was considered a substantive change, requiring FPKIPA approval to implement. The concept and content of the policy change was discussed with the FPKIPA at the 10 August 2004 FPKIPA meeting, but a vote was postponed until this change proposal could be developed.

**Specific Change:**

Make the following changes in Section 2.4.2 (Dispute Resolution Procedures):

The E-Authentication PMO shall facilitate the resolution between entities when conflicts arise as a result of the use of certificates issued under this policy.

**Estimated Cost:**

There is no financial cost associated with implementing this change.

**Implementation Date:**

This change will be implemented immediately.

**Prerequisites for Adoption:**

There are no prerequisites.

**Plan to Meet Prerequisites:**

There are no prerequisites.
