II. OBJECTIVE AND SCOPE OF ACTIVITY

A. The CIPAC will support implementation of the National Infrastructure Protection Plan (NIPP), and will help to effectuate the sector partnership model set forth in the NIPP, by coordinating Federal infrastructure protection programs with the infrastructure protection activities of the private sector and of State, local, territorial, and tribal governments. Specifically, the CIPAC will facilitate interaction among government representatives at the Federal, State, local, and tribal levels and representatives from the community of Critical Infrastructure and Key Resources (CI/KR) owners and operators in each critical sector to engage in, among other things:

As appropriate, the CIPAC may develop policy advice and recommendations on critical infrastructure protection matters to be provided to the Department of Homeland Security, the Sector-Specific Agency (SSA) for each sector, and the other Federal departments and agencies supporting the critical infrastructure protection mission under the NIPP, which have responsibility for establishing and implementing Federal policy and managing Federal programs.
