August Web Page Update	167								
(a): B/D? : A 'Y' means the FCM is also registered with the Securities and Exchange Commission as a securities broker or dealer.		(d): Excess net capital is adjusted net capital, less the greater of the net capital requirement or risk-based requirement.				(f): This represents the amount of funds an FCM is required to set aside for customers who trade on commodity exchanges located outside of the United States. The amount to be set aside for a customer's foreign commodity account may be less than the net liquidating equity in the customer's account.			
(b): DSRO: Designated Self-Regulatory Organization.									
(c): Risk-based net capital requirement is the sum total of 8% of customer, and 4% of non-customer risk margin for domestic and foreign future accounts (excluding proprietary accounts). The risk based minimum requirement applies to all FCMs which are a member of the National Futures Association, was effective 10/31/00.		(e): This represents the total amount of funds that an FCM is required to segregate on behalf of customers who are trading on commodity exchanges located in the United States. This is the sum of all accounts that contain a net liquidating equity.				Note: Any errors in this table should be brought to the attention of the CFTC's Division of Clearing and Intermediary Oversight via e-mail: fzimmerle@cftc.gov or sgreska@cftc.gov.
