# **Just Charge It!**

**Make Industrial Funding Fee  
payments online with  
your credit card**

## Safe, Secure and Efficient

GSA is pleased to announce that we are accepting credit cards as a method of remitting your Industrial Funding Fee (IFF) payments. This safe and secure option allows you to pay online via the Internet and is available to all Schedule contractors for payments up to \$99,999 (new limit effective April 1, 2006).

### Larger Payment?

*No problem! Pay it via EFT.*

This program eliminates the expense of processing paper checks, the delays inherent in sending checks through the mail and the need for post-payment research.

**Don't waste time  
with paper checks when  
you can just charge it!**

## Benefits

Extend your buying power by 30 days

Get real-time processing

Take advantage of credit  
card rebate programs

Pay easier and quicker  
than with a check

Avoid lost or misallocated payments

**Your payment is instantaneous  
and you have the security of  
knowing that your payment  
has been received.**

## How to Charge It

You already access the 72A Web site each quarter to report your sales. At the end of the reporting process, we have added the option for submitting your IFF payment with a credit card.

Online payments must be for the exact amount of the IFF due for the sales period being reported.

IFF for any previously reported sales will still have to be paid by paper check.
