Price change for 2-Day Courses

- In mid-May, Rick Barnaby distributed a note to NHI Hosts and National Transportation Training Directors about a change to NHI pricing

" For the federal fiscal year beginning October 1, 2007, NHI will be increasing the price of 2-day courses from \$270 to \$300 per participant. The prices for other courses will remain the same.

We are increasing the price on 2-day courses to help cover the additional contracted instructor delivery costs and travel costs. We continue to make every effort to keep our prices low so that the transportation community can attend NHI training."

- Rick Barnaby
