NOTE.—From 1789 until 1933, the terms of the President and Vice President and the term of the Congress coincided, beginning on March 4 and ending on March 3. This changed when the 20th amendment to the Constitution was adopted in 1933. Beginning in 1934 the convening date for Congress became January 3, and beginning in 1937 the starting date for the Presidential term became January 20.
