HOMELAND SECURITY AND GSA

Working on Homeland Security issues, Federal employees are tasked with many demands and complex responsibilities. Not only does GSA offer many products and services to accomplish these tasks, you can get what you need timely and efficiently by ordering through GSA Global Supply or through our Multiple Award Schedules (MAS) program. Once you have determined the needs for your organization, you can search for products using *GSA Advantage!*, or you can use e-Buy, our on-line Request for Quotes tool where you can obtain quotes and issue orders electronically for products and services offered through our MAS program.

When it comes to protecting our homeland, GSA has the supplies and services you need – thousands of quality contractors are in place ready to assist you in preparing for, preventing, and responding to critical events.

From emergency preparedness, to securing America's borders and buildings, to information security, GSA will help you every step of the way. For more information, visit us online at www.gsa.gov/homelandsecurity or you can order our free catalog - *Protecting What Matters – Homeland Security Solutions* by contacting us at (817) 334-5215.
