SAB PM Research Centers Program Advisory Panel Meeting  
October 1-2, 2008, Washington, DC

- 1. Charge Question 1 - Success in Advancing Research**
  - A. EPA Science Perspective on PM Center Contributions
  - B. *Accomplishments of the Particulate Matter (PM) Centers (1999-2005)*
  - C. Progress Reports from the Five Current PM Research Centers
  - D. Examples of PM Center Research Impacts
  - E. Bibliographic Analysis and Science Impact
  - F. Excerpts from the 2005 Board of Scientific Counselors (BOSC) review of EPA's PM and Ozone Research Program
  - G. Interactions, Scientific Training and Scientific Advisory Committees
  
- 2. Charge Question 2 – Strategic Direction**
  - H. Excerpts from Clean Air MYP regarding multi-pollutant direction
  - I. Executive summary of *Research Priorities for Airborne Particulate Matter: IV. Continuing Research* Progress, National Research Council (2004)
  - J. Multi-pollutant emphasis in the reorganization of EPA's Office of Air Quality Planning and Standards (OAQPS)
  
- 3. Charge Question 3 – Center Structure: Options for Discussion**
  
- 4. Appendix**
  - K. Congressional language authorizing Centers
  - L. Airborne Particulate Matter Centers – 1998 STAR Grants Announcement
  - M. List of PM Research Centers (1999- present)
  - N. SAB Interim Review (2002) letter to the Administrator with NCER summary update
  - O. Particulate Matter Research Centers – 2004 STAR Grants Announcement
  - P. NCER and Air Program Budget Chart
  - Q. STAR process, STAR RFA list and NCER brochure
  - R. Supplemental Reports to *Accomplishments of the Particulate Matter (PM) Centers (1999-2005)* on health effects, mechanisms, and exposure
  - S. Overview of the National Ambient Air Quality Standards
  - T. Annual PM Center meeting agendas
  - U. Workshops/Meetings
  - V. List of work-in-progress web-conferences

Binder Pocket: Clean Air Multi-Year Plan (MYP)
