ENVIRONMENTAL PROTECTION AGENCY

[FRL-6120-9]

Proposed Settlement Agreement; Commonwealth of Pennsylvania; Enhanced Motor Vehicle Inspection and Maintenance Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement.

SUMMARY: In accordance with section 113(g) of the Clean Air Act ("Act"), as amended, 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement concerning litigation instituted against the Environmental Protection Agency (EPA) by the Commonwealth of Pennsylvania. The lawsuit concerns EPA's conditional interim approval of the Commonwealth's enhanced vehicle inspection and maintenance (I/M) program under section 182(c)(3) of the Act. The parties have agreed to settle this matter without litigation. The proposed settlement agreement obligates Pennsylvania to make certain additional State Implementation Plan (SIP) submissions, which EPA agrees to propose to approve. The agreement further obligates EPA to work with Pennsylvania to develop an alternative program evaluation methodology that does not require the use of mass emission testing technology, or in the alternative to conditionally approve a subsequent Pennsylvania I/M program evaluation SIP submission if the parties can not develop such a methodology.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to modified settlement agreement. EPA or the Department of Justice may withhold or withdraw consent to the proposed settlement agreement if the comments disclose facts or circumstances that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

Copies of the settlement agreement are available from Phyllis Cochran, Air and Radiation Law Office (2344), Office of General Counsel, U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460, (202) 260-7606.

Written comments should be sent to Sara Schneeberg at the above address and must be submitted on or before August 5, 1998.

Dated: April 16, 1998.

Scott C. Fulton,

Acting General Counsel.

FEDERAL COMMUNICATIONS COMMISSION

[DA 98-1238; CC Docket No. 90-571]

Notice of Telecommunications Relay Services (TRS) Certification

Released: June 26, 1998.

Notice is hereby given that the applications for certification of state Telecommunication Relay Services (TRS) programs of the states listed below have been granted, subject to the condition described below, pursuant to Title IV of the Americans with Disabilities Act of 1990, 47 U.S.C. 225(f)(2), and section 64.605(b) of the Commission's rules, 47 CFR 64.605(b). The Commission will provide further Public Notice of the certification of the remaining applications for certification once review of those states' applications has been completed. On the basis of the states applications, the Commission has determined that:

- (1) The TRS program of the listed states meet or exceed all operational, technical, and functional minimum standards contained in section 64.604 of the Commission's rules, 47 CFR 64.604;
- (2) The TRS programs of the listed states make available adequate procedures and remedies for enforcing the requirements of the state program; and,
- (3) The TRS programs of the listed states in no way conflict with federal law.

The Commission also has determined that, where applicable, the intrastate funding mechanisms of the listed states are labeled in a manner that promotes national understanding of TRS and does not offend the public, consistent with section 64.605(d) of the Commission's rules, 47 CFR 64.605(d).

On May 14, 1998, the Commission adopted a Notice of Proposed Rulemaking that proposes ways to enhance the quality of existing telecommunications relay services (TRS) and expand those services for better use by individuals with speech disabilities. See Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities, CC Docket No.

98-67, FCC 98-90 (rel. May 20, 1998). Because the Commission may adopt changes to the rules governing relay programs, including state relay programs, the certification granted herein is conditioned on a demonstration of compliance with any new rules ultimately adopted by the Commission. The Commission will provide guidance to the states on demonstrating compliance with such rule changes.

This certification, as conditioned herein, shall remain in effect for a five year period, beginning July 26, 1998, and ending July 25, 2003, pursuant to 47 CFR 64.605(c). One year prior to the expiration of this certification, July 25, 2002, the states may apply for renewal of their TRS program certifications by filing documentation in accordance with the Commission's rules, pursuant to 47 CFR 64.605 (a) and (b).

Copies of certification letters are available for public inspection at the Commission's Common Carrier Bureau, Network Services Division, Room 235, 2000 M Street, NW, Washington, DC, Monday through Thursday, 8:30 AM to 3:00 PM (closed 12:30 to 1:30 PM) and the FCC Reference Center, Room 239, 1919 M Street, NW, Washington, DC, daily, from 9:00 AM to 4:30 PM.
