

Unfunded Mandates

The Unfunded Mandates Reform Act requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before developing any rule that may result in an expenditure by State, local, or tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any given year. This supplemental notice of proposed rulemaking would have no such effect on State, local, or tribal governments, or the private sector.

Regulatory Flexibility Act

The Secretary hereby certifies that this supplemental notice of proposed rulemaking would not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. This notice provides additional information concerning the computer-based system that VA proposed to implement in its prior rulemaking notice. The additional information does not alone have any economic impact on small entities. Therefore, pursuant to 5 U.S.C. 605(b), the supplemental notice of proposed rulemaking is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Approval and Promulgation of Air Quality Implementation Plans; Texas; Revisions to Reid Vapor Pressure Requirements for Gasoline

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by Texas on October 4, 2001. The revisions pertain to Reid Vapor Pressure (RVP) requirements for gasoline. The revisions add exemptions to RVP requirements for research

The revisions also reduce record keeping requirements for retail gasoline dispensing outlets in the affected counties, and correct a typographical error. We are proposing approval of the revisions pursuant to section 110 and part D of the Federal Clean Air Act.
