Mr. Joseph T. Finnan
Supervisor, Gas Safety Division
Pennsylvania Public Utility Commission
P.O. Box 3265
Harrisburg, PA 17105-3265

Dear Mr. Finnan:

We have considered your letter of April 3, 1996, notifying us that the Commission granted the National Fuel Gas Distribution Corporation a waiver from complying with 49 CFR §§192.485 and 192.713(a), when repairing corroded or damaged pipe. The waiver permits repair with Clock Spring® wrap, a composite material that is tightly wound and adhesively bonded to pipe.

We have no objection to the waiver. It is consistent with a similar waiver we granted operators of interstate gas transmission lines (60 FR 10630; February 27, 1995).

Sincerely,

Richard B. Felder
Associate Administrator for Pipeline Safety
