AGENCY: Commodity Futures Trading Commission.

ACTION: Reopening of comment period.

SUMMARY: On July 11, 2005, the Commission published in the **Federal Register** a request for comments on proposed Technical and Clarifying Amendments to rules for Exempt Markets, Derivatives Transaction Execution Facilities and Designated Contract Markets, and Procedural Changes for Derivatives Clearing Organization Registration Applications. The proposed amendments are intended to: Clarify and codify acceptable

practices under the Commission's rules for trading facilities, implemented pursuant to the Commodity Futures Modernization Act of 2000, based on the Commission's experience in applying those rules since they were originally adopted in 2001; and revise the application and review process for designation as a derivatives clearing organization. The original comment period closed on September 9, 2005.

By letter dated September 6, 2005, the New York Mercantile Exchange ("NYMEX") requested that the comment period be extended 15 days, to September 26, 2005. NYMEX requested the additional time because, due to current extreme energy market conditions, the Exchange staff will be unable to properly circulate its response and obtain the necessary committee approvals and other review necessary to file a comment prior to the original close of the comment period on September 9, 2005.

In response to this request, and in order to ensure that an adequate opportunity is provided for the submission of meaningful comments, the Commission will reopen and extend the comment period on the proposed rules.

DATES: Responses must be received by September 26, 2005.

ADDRESSES: Comments should be sent to the Commodity Futures Trading Commission, Three Lafayette Center, 1155 21st Street, NW., Washington, DC 20581, attention: Office of the Secretariat. Comments may be sent by facsimile transmission to 202-418-5521 or, by e-mail to secretary@cftc.gov. Approval and Promulgation of Air Quality Implementation Plans; State of Utah; Ogden City Revised Carbon Monoxide Maintenance Plan and Approval of Related Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to take direct final action approving State Implementation Plan (SIP) revisions submitted by the State of Utah. On November 29, 2004, the Governor of Utah submitted revisions to Utah's Rule R307-110-12, "Section IX, Control Measures for Area and Point Sources, Part C, Carbon Monoxide," which incorporates a revised maintenance plan for the Ogden carbon monoxide (CO) maintenance area for the CO National Ambient Air Quality Standard (NAAQS). The revised maintenance plan contains revised transportation conformity budgets for the years 2005 and 2021. In addition, the Governor submitted revisions to Utah's Rule R307-110-35, "Section X, Vehicle Inspection and Maintenance Program, Part E, Weber County," which incorporates a revised vehicle inspection and maintenance program for Weber County. In this action, EPA is approving the Ogden City CO revised maintenance plan, the revised transportation conformity budgets, the revised vehicle inspection and maintenance program for Weber County, and the revisions to rules R307-110-12 and R307-110-35. This action is being taken under section 110 of the Clean Air Act.

In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's SIP revisions as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set
