RE: CPF No. 5-2002-5034-H

Dear Mr. Winterton:

A Corrective Action Order was issued on November 6, 2002 by the Associate Administrator for Pipeline Safety in the above-referenced case. It required ChevronTexaco to take the necessary corrective action to protect the public and environment from potential hazards associated with its 8^{5/8} inch pipeline between Salt Lake, Utah and Boise, Idaho. The Regional Director has advised that all actions required in the Order have been completed. This case is now closed and no further enforcement action is contemplated with the respect to the matters involved in this case. Thank you for your cooperation in our joint effort to ensure pipeline safety.

Sincerely,

James Reynolds
