

This section portrays a random sampling of products and services offered by GSA contractors. For complete Federal Supply Schedule contract award information, visit our Schedules E-Library at www.fss.gsa.gov/sched. For information regarding our Stock Program, please contact our National Customer Service Center (NCSC) at (800) 488-3111.

Commercial Partners

SOMETIMES, THE BEST PERMANENT SOLUTIONS ARE THE TEMPORARY ONES.

With almost 30 years of experience, CORT is the industry leader in more than rental furniture, we're a leader in solutions. From furniture delays, task forces and commissions to swingspaces and renovation projects, you'll find the brand name furniture you want and the flexible rental terms you need. With our Standards Program, Space Planning capabilities and one-call customer service, we can help you in more ways than ever before. All with the flexibility, convenience and good business sense that renting means to your bottom line.

Call 1-888-GSA-CORT (472-2678) or visit our Web site at www.cortl.com for more information today.

YOUR DOCK LIFT SOLUTION!

Eliminate low productivity receiving and shipping bottlenecks by simply plugging a Speed-Lift into 230 volt 3 phase AC power. Anywhere a truck height dock is prohibitively expensive or not feasible, or where you need to move loads from any point between dock height and the ground, the profit building performance of a dependable, safe Speed-Lift will be immediately appreciated! Ideal for the highest volume receiving or shipping doors you may have, including the United States Postal Service.

**Available on GSA Advantage!
at www.qsaAdvantage.GOV**

The Most Advanced Explosive and Drug Inspection Systems Available Today.

SPEDS
Small Parcel Explosive Detection System
 Automatic, material specific detection finds explosives in small parcels, mail, and electronic items where x-ray is ineffective.

Portal VEDS
Vehicular Explosive and Drug Sensor
 Can automatically scan all sizes of trucks and cars at fixed or temporary checkpoints for drugs or explosives.

Mobile VEDS
Vehicular Explosive and Drug Sensor
 Uniquely suited for automatic, material specific detection of significant amounts of explosives or drugs in vehicles.

Ancore's SPEDS, Portal VEDS, and Mobile VEDS use material-specific, automatic detection to stop the threat of explosives and drugs. Unlike x-ray, these devices use material signatures specific to contraband goods. X-ray only detects shadows and shapes, but cannot distinguish explosives or drugs that can be concealed in any shape. Also, due to their automatic detection capability, these products minimize the need for reliance on a human operator.

PDI® SANI-SYSTEM.®

GSA Contract # GS-07F-0412J

The Sani-System is a complete line of pre-moistened, disinfectant hard surface and hand wipes that contain a germicidal or antimicrobial formula. More effective and easier to use than sprays or gels, our selection of wipes can help minimize the risk of cross-contamination making them a must in your infection control arsenal.

All PDI products are designed, manufactured and tested using the latest technology, manufacturing processes and quality assurance procedures. As a result, PDI products from NicePak are effective, convenient, and cost-efficient.

For more information, please call customer service at 1.800.999.6423 or visit our web site at www.pdipi.com.

OMAX Abrasive JetMachining®
Available on GSA Contract GS07F-7729C

GSA
Federal Supply Schedule
www.gsaadvantage.gov

OMAX JetMachining® is a proven process in precision part production. The Model 2626 JetMachining® Center will machine complex flat parts out of most materials including metal, plastic, glass, ceramics, and composites—to a dynamic positioning accuracy within +/- .003", directly from a CAD drawing or DXF file. It also cuts extremely hard, reflective, and non-conductive materials, making it a natural addition to existing shop capabilities.

Activity Based Management Systems Are Providing Great Results for Federal Government Organizations.

Several federal organizations are currently tracking their relevant costs and managing their organizations with the benefit of real time Activity Based Costing data. They are using Lead Software's Activity Analyzer.

Activity Analyzer is a leading edge Activity Based Management (ABM) Software that can be fully integrated with your current systems.

- Activity Analyzer provides management with relevant information for decision making
 - Provides True Cost of Work – Cost of Activities based on consumption of resources
 - Provides True Cost of Products and Services – Cost of Outputs based on consumption of activities
 - Identifies what drives cost
- Management action can then lead to increases in productivity and improved performance
- Provides objective information that managers can use to manage activities and drivers of cost

Do you really know?

- ...the people, time and resources it takes to accomplish your mission?
- ...the productivity within each functional area?
- ...the true and relevant cost data to make the best management decisions?
- ...the cost of key processes within each functional area?
- ...the cost of used and unused capacity?
- ...the cost of products and services provided to your customers?

AVAILABLE ON GSA ADVANTAGE! AT www.gsaadvantage.gov

Lead Software provides experienced system implementers who have customized and implemented government ABM systems.

Locate People and Equipment in REAL TIME!

MEDICAL • SECURITY • ASSET TRACKING • DOCUMENT CONTROL

Versus Information Systems (VIS) provide a solution to your location, information and communication puzzle. VIS is an infrared and radio frequency locating system that is comprised of a simple network of badges and sensors, which identify and receive location information. Through automatic and continuous data collection, VIS enables instant access to people and equipment.

By knowing the real-time location of people and equipment as they move throughout a facility, access to these resources is only a moment away. VIS's real-time location benefit, paired with its open architecture, makes it a versatile and responsive operating tool. Call to receive our government reference list, or visit our website to see how facilities are using VIS.

**One Call. One Vendor.
One Purchase Order.
KLN Packaged Office.**

From Start to Finish.

Looking for a turnkey program designed to offer every product and service necessary to create and deliver the ideal working environment? Based on your defined scope of work, KLN's Office Solution is your answer, from start to finish. Best of all, our program offers all of this from one contract. From site planning, design, delivery and installation, every detail is handled for you with a single purchase order.

KLN customers worldwide are already enjoying the benefits of this innovative program. Since the maximum prices for these services have been pre-negotiated by GSA with contractors, your procurement process has been simplified. You simply place one order for an entire furnishings project. Whether it's an office, a classroom, auditorium, or conference room, KLN eliminates the burden of managing multiple orders.

That's the KLN solution.
Give us a call today!

We know that running a government office can be tough.

So we started a support group.

Boise knows how difficult your job can be. As a GSA-approved vendor for more than a decade, Boise can make your office products procurement a lot easier. You can order 24 hours a day, 7 days a week, by phone, fax or Internet. We offer one-stop shopping for over 10,000 products, including JWOD, NIB, NISH, MWBE and recycled items. With Boise, you can be sure of GSA pricing, on-time delivery and procurement compliance. In addition, you can cut costs with our SAVESM program. And pay with your convenient SmartPay card. For more details, just call 888-505-FEDS. We'll support you all the way.

EXPERIENCE THE DIFFERENCE

Wackenbut's elite Custom Protection service is now available to all Federal Agencies on GSA Advantage!

Our ability to satisfy the Federal Government's guard services requirements (FSC Group 539: SIN 246-54) with a combination of quality and value is second to none. Whether it be a single security officer in Albuquerque, a well-orchestrated prisoner transportation and court custody contract covering the eastern seaboard, or a quasi-police/military force protecting sensitive assets, Wackenbut will deliver quality and professional services.

But don't just take our word for it. Look at our extensive track record, strong management team, worldwide organization, consistent history of financial stability and judge for yourself. Contact us today to request our catalog or download it from our website.

STRUGGLING WITH ADA COMPLIANCE PROBLEMS? LEEVERALL® HAS A SOLUTION

GSA
Federal Supply Schedule

Quickly retrofit your existing doorknobs to lever handles. If your existing locksets are in good working order and master-keying is a consideration, retrofit handles can be a very cost-effective solution to complying with Section ANSI A117.1, 4.13.9 Door Hardware-ADA Accessibility Guidelines for Buildings and Facilities.

Alexander's Hardware/Leeverall, Inc. (**GSA Contract No. GS-07F-0169L**) has developed a series of custom-fit retrofit handles, which convert existing round knob locksets to lever handle operation, as required by the Americans' With Disabilities Act (ADA). The Leeverall® retrofit handle is the **ONLY HANDLE** that is **Underwriters' Laboratories (UL) APPROVED**.

Please visit our web site at www.leeveall.com for more product information.

United We Stand

GSA salutes all Americans who are working tirelessly in support of the disaster relief effort. In the days following the events of September 11th, GSA employees across the Nation answered the call for emergency support to provide urgently needed supplies and services. GSA honors those who went above and beyond the call of duty in their endeavors to support our Nation in crisis. Our hearts go out to those who have lost loved ones, and to the heroes who are working so hard to help. We pledge our continued support during this critical time.
