RE: CPF No. 3-2004-5005H

Dear Mr. Lamanna:

On March 2, 2004, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued a Corrective Action Order to BP Pipelines (North America) Inc. (BP) requiring that certain actions be taken to ensure the integrity and safe operation of its 6-inch Bromley-Cincinnati hazardous liquid pipeline. The Director, Central Region, PHMSA has determined that all actions required by the Order have been completed. Accordingly, this case is now closed. Thank you for your cooperation in our joint effort to ensure pipeline safety.

Sincerely,

James Reynolds
Pipeline Compliance Registry
Office of Pipeline Safety

cc: Mr. Ivan Huntoon
Director, Central Region, PHMSA
