

OUR GOAL: Many of the brand name products you'll find on the commercial market can also be purchased through our Acquisition Center but with the benefit of low, best value prices. As an added value, our low prices include delivery costs. We are bringing you solutions with more brand name products, without brand name prices, and state-of-the-art products that can beat the competition!

Computer Data Storage Cartridges

Big things can come in small packages...when they're stored on these GSA Computer Data Cartridges, especially chosen for high quality, superior design, and reliability. Perfect for backing up your PC or LAN because they're the affordable, dependable answer to safe storage data needs.

Features of most cartridges include error free recording; smooth tape surfaces to maximize drive head life; superior tape tracking for high density applications; constructed to resist warping and to eliminate instantaneous speed variation; designs that ensure dust-free environment and consistent tension between tape and drive head for maximum data integrity.

NSN: 7045-01-426-5585
Description: Flexible Disk, PN #1002D
Features: 100 MB Capacity. For speedy expansion of hard drive, use in Iomega and compatible Zip 100 drives.
U/I: EA
Price: \$9.61

SKYFLEX™ Aircraft Sealant

...lasts longer and protects better than any other sealant

SKYFLEX™ Aircraft Sealant from W.L. Gore™ and Associates, Inc., offers the lightest weight, non-curing, non-hazardous, form-in-place sealant. It provides excellent protection against corrosion, water ingress, and other environmental influences, including fuel and oils. It can be formed directly in place with no down time for curing.

Since no MSDS is required, there are no special storage requirements. Store it in your stockroom, tool room or shop.

Approvals: C-5, C-141, C-17, C-130, F-15, B-1B, KC-135, S-3, P-3 & all helicopters.

Coming Soon: F-16, B-52, F/A-18, E-2, E-6, & AV-8.

Benefits:

- Non-hazardous – NO MSDS Required
- No Special Storage Requirements
- No Cure Time
- Reduces Corrosion
- Reusable
- Easy to Install
- Extended Shelf Life: 2 Years

For more information contact Gore at: 1-800-356-4622, Fax: (302) 738-5993, 1901 Barksdale Rd, Newark, DE 19714. (SKYFLEX and GORE are trademarks.)

How far will you go to camouflage your data?

When you've got information you need to keep hidden from the rest of the world, nothing works better than a 3M Privacy Filter.

From the side, passersby only see a blank, dark screen. That's because 3M's patented microlouver technology makes on-screen data visible only to persons directly in front of the monitor. Plus, it's assembly-free, features the New Easy Clean Surface that washes clean with water and a soft cloth, and includes a lifetime warranty.

More privacy. More protection.

- Won't blur or distort images
- Reduces glare to help prevent eyestrain
- Contains anti-static properties that decrease static charge and dust buildup

Order No.	3M Part No.	Description	Fits Monitor Size	List Price

PRINT MORE  **SPEND LESS**

The best page-yield. The best reliability. **The best value.**

Infinity Toner Cartridges are the longest lasting, most cost-effective laser toners available today. With an unprecedented 15,000 page yield, Infinity toners give you a lower cost-per-page than any other cartridge. In addition, they are made in the USA from all new materials, so you'll enjoy reliability that just can't be found with remanufactured cartridges. So if you're looking for **cost savings and reliability**, then look no further.
