

**SWAT Changes to
Title 16, Chapter 99, Hawaii Administrative Rules
Real Estate Brokers and Salespersons**

On March 29, 2001, the Real Estate Commission held a public hearing on the proposed rules changes. The public hearing was designed to hear all persons interested in the proposed amendments to Title 16, Chapter 99, Hawaii Administrative Rules ("HAR"), entitled "Real Estate Brokers and Salespersons." These proposed rules are the product of a collaborative effort between the Department of Commerce and Consumer Affairs, the Real Estate Commission, and the real estate industry. These groups reviewed rules pursuant to a SWAT (Slice Waste and Tape) initiative of Lt. Governor Mazie Hirono to eliminate null and void or unnecessary rules, and reduce regulatory burdens on real estate licensees.

On May 9, 2001, Governor Benjamin Cayetano signed the rules for adoption. The 10-day statutory wait period ended on May 20, 2001. On May 21, 2001, the amendments to Title 16, Chapter 99, Hawaii Administrative Rules ("HAR"), entitled "Real Estate Brokers and Salespersons" became effective.

The following is a short summary of the amendments. Grammatical and punctuation changes were made throughout the proposed rules.

Subchapter 1: General Provisions Section 16-99-2 Definitions	"Branch office" (1) to delete the reference to "site office" and (2) to change the branch office license requirement ¹ .	<ul style="list-style-type: none"> • Amended to apply only to offices located on an island different from the island on which the principal place of business is located, and to require that only one branch office must be registered per island. • Additional offices located on the same island as a principal place of business or branch office may be operated without registration. • Further, branch office registration is not required for places of business from which no general brokerage activities are conducted, but where real estate activities are conducted exclusively relative to condominium projects, subdivisions, single developer developments, time share projects, shopping centers and other commercial buildings. • The substantive changes will cure the imbalance between the public benefit of office registration and licensing compared to the cost and time to monitor compliance, and will permit the industry to be accountable with its own standards.

¹ Amends Hawaii Revised Statutes (HRS) section 467-12 by eliminating site office registrations and changing branch office licensing to a registration requirement to implement Act 240 (SLH 1999)

	"Broker-salesperson"	<ul style="list-style-type: none"> • Clarifies that a broker-salesperson means an individual licensee and not an entity.
	"Franchise," "Franchise fee," "Franchisee," and "Franchisor"	<ul style="list-style-type: none"> • Deletes since the definitions are not necessary.
	"Inactive"	<ul style="list-style-type: none"> • Removes the requirement that a licensee surrender his license certificate and license identification card when a license is placed on inactive status. • Deletes the incorrect reference to reinstatement of an inactive license (since such licenses are re-activated and suspended licenses are reinstated). • Not requiring inactive licensees to return indicia of licensing will correct the imbalance between the public benefit compared to the cost and time to monitor compliance.
	"Involuntary inactive"	<ul style="list-style-type: none"> • Clarifies the language consistency throughout chapter 16-99.
	"Licensee"	<ul style="list-style-type: none"> • Clarifies the language for consistency throughout chapter 16-99. • Provides consistent use of the terms "person"² and "individual."
