ENVIRONMENTALLY SPEAKING

GSA Global Supply Supports U.S. Navy "PRIME" program

The U.S. Navy Plastics Removal in the Marine Environment (PRIME) program is designed to avoid plastic waste disposal problems on Navy vessels. The PRIME program focuses on hundreds of items commonly used at sea that can be manufactured with non-plastic packaging and materials. GSA is currently partnering with the Navy to prohibit plastic packaging on all items we manage that are listed as "PRIME" items. These items can be quickly located on the GSA Global Supply on-line catalog at www.GSAglobalsupply.gsa.gov using a primary key word and checking the "PRIME" box under "advanced search." All compliant products are identified by the "PRIME" icon  and are identified as "PRIME" compliant in the product description text.

Kitchen & Breakroom Supplies

▼ Paper Cup

Round, disposable paper cup is tapered to stack easily. It is odorless and leakproof and has a rolled edge. Meets FDA requirements.

Biodegradable, compostable and recyclable cup is made of 100% paper and uses no plastic packaging/packing materials. Tall-style cup without handle is for hot

liquids. Uncoated. Capacity: 9 oz. Suitable for Navy shipboard use.  No hazardous waste.

ENVIRONMENTALLY SPEAKING

GSA Global supply supports USDA "Bio-Based" product program

Section 9002 of the Farm Security and Rural Investment Act of 2002, and Executive Orders 13101 and 13134, establish a Federal bio-based products purchasing program, and appoints the U.S. Department of Agriculture as lead agency to designate and validate bio-based products. Accordingly, USDA has teamed with Iowa State University and Concurrent Technologies Corporation (CTC) to establish relevant "Bio-Based Product Advisory Notices (BPANs)" for a wide variety of commodities. When published, "BPANs" will specify the exact criteria that must be met before a product can be considered "bio-based." GSA stands ready to partner with USDA and the Defense Logistics Agency to offer as many items which meet the criteria as possible, and to ensure that all "bio-based" items in our printed and on-line catalogs are properly identified with the "bio-based" product icon, and are labeled "bio-based."

<http://biobased.oce.usda.gov/public/index.cfm>

Comes in compressed rolls. Single-ply toilet tissue consists of unperforated single sheets wound around a core. Packaged in waterproof containers for use by the Navy and the U.S. Forest Service. **JWOD**

ENVIRONMENTALLY SPEAKING

GSA delineates "Low-Toxic" items

Within GSA Global Supply, many items are identified by unique, thirteen-digit NSN's. Each NSN is typically supported by a corresponding performance standard that specifies all item attributes and requirements. Quite often, these performance specifications contain limits or prohibitions on various toxic materials. When this is the case, GSA passes this information on to the Federal end-user via a description of the "environmentally friendly" attribute in the product text, and via the "green tree" icon . We provide this information in all printed and on-line catalogs. These "low-toxic" items can be quickly located on the GSA Global Supply on-line catalog (www.gsaglobalsupply.gsa.gov) using a primary key word and checking the "Other Environmental Item" under "advanced search." Typical "low-toxic" items are those that, in accordance with U.S. Environmental Protection Agency test methods, are free of one or more of the following toxic materials as indicated in the product description text: Mercury, Lead, Cadmium, Hexavalent-Chromium, Ozone Depleting Substances, Benzene, Toluene, Hazardous Air Pollutants, Carcinogens.

Corrosion-Preventive Compound

For use on nonmoving parts not requiring lubricated surfaces, this compound prevents corrosion and displaces water on metal surfaces. Do not use around liquid oxygen fittings. Material leaves a solid film coating on parts. Low VOC, but contains flammable solvents. MIL-C-85054. Type I-pressurized spray container; class 134A-hydrofluorocarbon propellant.  CFC-free item; low VOC item.

Lawn Sprinkler ▶

The sprinkler is furnished with a removable, metal impulse head. The head is adjustable to spray water in a full or partial circular pattern. The head is equipped with an adjustable, break-up, spring-loaded device to regulate the radius of coverage. The base is made of corrosion-resistant metal or plastic of equal strength. 90 square feet coverage.

ITEM # 3750-00-679-0753

Price \$11.94 (EA)

◀ The sprinkler is designed to spray water in a backward and forward motion, over a rectangular pattern. The sprinkler is equipped with a control knob for adjusting the spray from a full-sweep pattern to a partial left or partial right pattern. The spray bar is constructed from corrosion resistant metal and has brass jets for directing the spray. The base is of a rectangular sled design with two runners, constructed from corrosion resistant metal or molded reinforced plastic. Has nonadjustable spray tips designed to spray water with a whirling action. Maximum coverage: 35-45 ft. with 35-45 psi water pressure.

ITEM # 3750-00-203-3933

Price \$11.26 (EA)

◀ Rated coverage of 2400 sq ft.

ITEM # 3750-00-959-3490

Price \$7.31 (EA)

◀ **Garden Hose**

Commercial-grade, rubber/vinyl-reinforced 5/8" diameter garden hose. Kink-resistant hose includes brass couplings, a protective collar at faucet end, and an abrasion-resistant gray cover. Burst strength is 500 psi with a minimum four-ply construction.

♻️ 65% postconsumer material.

NSN 4720-01-447-8759

Unit of Issue LG (50 feet)

Price \$17.65

NSN 4720-01-447-8757

Unit of Issue LG (100 feet)

Price \$28.70

◀ **Synthetic Garden Hose**

Lightweight hose features a woven synthetic jacket and is lined. The 5/8"-diameter hose features 3/4"-11-1/2"

NH-threaded coupling (equivalent to standard garden hose threads). Operating pressure is 200 p.s.i. To be used for mop-up operations, pumper protection, and miscellaneous applications.

NSN 4210-01-167-1061

Unit of Issue LG (50 feet)

Price \$15.72

◀ **Soaker Hose**

Perforated PVC plastic or rubber soaker hose. Non-adjustable. Protective coating. Dual tubes provide a flat base to alleviate twisting during use. Spray holes are distributed evenly throughout the length. Stays flexible at temperatures as low as 32°F. Contains a female threaded coupling with a washer on one end, and a removable end closure on the other end. 50 foot length covers 1,250 square feet; 100 foot length covers 2,500 square feet.

Unit of Issue LG (50 feet)

Price \$7.26

NSN 3750-00-289-9025

Unit of Issue LG (100 feet)

Price \$14.66

Hedge Clippers ▼

Trim hedges and small shrubbery with these hardwood-handled clippers. Serrated blades are ground, sharpened, and notched near the pivot points for cutting heavy canes and branches with ease. 8" long cutting edge. 9" long handles.

NSN 3750-00-951-1585

Price \$16.36 (EA)

▲ Pruning Shears

Heavy-duty lopping shears have a convex blade and a concave hook. Used for pruning plants, bushes, and tree limbs up to 1-1/2" in diameter. For two-handed use, shears have hardwood handles and a safety stop to protect operator. Length: 27".

NSN 3750-00-641-1197

Price \$19.68 (EA)

Hand Pruning Shears ►

Rose and garden shears for thinning plants or shaping small shrubbery. For one-handed use, shears have high-carbon steel blades and a metal handle. Hook-jaw shears have long-lasting cutting edges and a catch to lock blades shut. Length: 8".

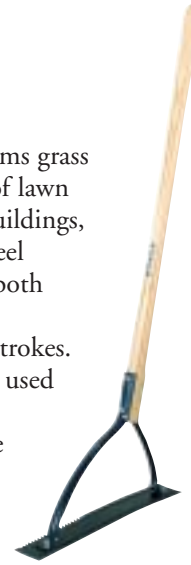

NSN 3750-00-641-5587

Price \$7.60 (EA)

Grass Cutter ►

Whip-style cutter trims grass and weeds at edges of lawn and beside fences, buildings, and trees. Carbon steel blade is serrated on both edges to cut on both forward and return strokes. Heavy-duty cutter is used for dense growths of weeds and grass. The blade measures approximately 14" x 2-1/2" and has braces on both ends that form a yoke for extra stability. Attached hardwood handle is 30" long, Type III. Overall length: 40".

NSN 3750-00-239-8678

Price \$15.02 (EA)

Pitchfork ►

The fork has sharply pointed, forged-steel tines, 12-1/4" long, and a handle made of bent hardwood. The spread measures 9-1/2". Has four tines and a 48"-long handle.

NSN 3750-00-255-7733

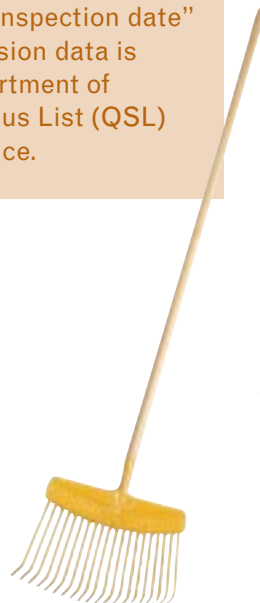

Price \$18.54 (EA)

ENVIRONMENTALLY SPEAKING

GSA Global Supply supports DoD Shelf Life Program

For all deteriorative items that we sell, the General Services Administration is continuously coordinating shelf life management issues with the Department of Defense and others in the Federal community. In accordance with Department of Defense Manual 4140.27-M, Shelf Life Management, our suppliers are required to deliver products to the Federal customer with not less than 85 percent of the original shelf life remaining at the time of receipt. Stocked items are carefully stored to preserve product life and are regularly inspected and extended as dictated by Federal Standard 793 Depot Storage Standards. All stocked items must have at least 50% of shelf life remaining at the time of shipment. If GSA approves an item for shelf life extension, a label is attached which reflects the new "re-inspection date" and all lab test extension data is provided to the Department of Defense Quality Status List (QSL) for worldwide reference.

Garden Rake ▼

A must-have tool for effective gardening! Rake head features all-steel construction with a securely attached 60"-long hardwood handle. Contains 14 to 16 curved teeth. Level head measures 2-3/4" deep.

Width 13-1/2"

Price \$10.24 (EA)

Wheelbarrow ►

Pneumatic-tired wheelbarrow has a steel tray and legs. Contractor 6 cu. ft. design has wooden handles. Capacity: 6 cu. ft.

NSN 3920-00-329-4303

Price \$86.19 (EA)

ENVIRONMENTALLY SPEAKING

Joint Group for Environmental Attributes establishes environmental product categories

The Joint Group on Environmental Attributes (JGEnvAtt) is a combined effort of the Departments of Defense (DoD), Energy (DOE), and Agriculture (USDA), the U.S. Environmental Protection Agency (U.S. EPA), and GSA to reach a broad consensus on populating National Stock Number logistics data with appropriate "Environmental Attribute Codes (ENACs)" within the Federal Logistics Information System (FLIS). So far, the JGEnvAtt has approved six environmental attributes. These include "Low-Volatile Organic Compound," "Recycled Content," "Water Conserving," "Energy Efficient," "Low Standby Power", and "Asbestos Alternative." Each category has a clear definition, delineating its regulatory or environmental significance. As each new category is established, GSA works aggressively to identify and delineate appropriate items within the FLIS that meet the criteria definition. The end goal of this effort is to provide Federal customers with another tool to identify and procure "environmentally responsible" products.

ENVIRONMENTALLY SPEAKING

GSA Global Supply assists end users with “Clean Air Act” compliance

The Clean Air Act National Emissions Standards for Hazardous Air Pollutants (NESHAP - 40th Code of Federal Regulations, Subpart 63.741-63.753, and 63.780) designate “Aerospace Manufacturing and Rework Facilities” and “Shipbuilding and Ship Repair”, respectively, as regulated emissions source categories for industrial operations. Both NESHAP regulatory programs seek to limit emissions of volatile organic hazardous air pollutants (VOHAPs), and volatile organic compounds (VOCs). One option to comply with these requirements allows affected sources to choose to use only paints that already comply with regulatory content limits, or that meet prescribed physical and chemical parameters. Regulated facilities must maintain copies of “certificates of compliance” documenting product content.

GSA has partnered with DoD to begin requiring suppliers to provide these certificates when purchasing items affected by these regulations. So far, this program covers a total of 525 national stock numbered items. As purchases are made, certificates are provided to the Naval Inventory Control Point in Mechanicsburg, PA, where they are then made available to personnel DoD-wide as needed.

Price \$10.34 (EA)

Mission Essentials

GSA Global Supply is the source for your mission essential product needs.

▼ Pocket Knife (Emergency Survival)

Emergency survival knife, type MC-1. The knife has a 3-3/4" snap blade with an automatic spring-opening device, and a 2-3/8" hook blade for quick cutting of parachute shroud line. This heavy-duty folding-type knife has high-grade steel blades with nail grooves for easy opening. Keen cutting edge extends to a point, and a steel spring holds the

blade in position. Riveted assembly makes this knife long lasting. Metal surfaces are ground and polished. Includes clevis, as well as instruction sheet. Note:

Only authorized military agencies may requisition this knife.

Price \$33.14 (EA)

mission essentials

◀ Gator Serrater Pocket Knife

This multi-purpose, single-blade folding knife is made of high carbon stainless steel with a nonglare satin finish on the blade. The 3.75" blade has a smooth sharpened edge from the point to approximately the middle of the blade, and the balance of the blade has a serrated edge. The knife has a safety feature that pauses the blade halfway through rotation to prevent accidental opening or closing. The handle is rubberized with a non-slip grip that includes a separate contour for the index finger. This provides for a firm and comfortable grip. The blade lock-release mechanism is located at the midpoint on the back of the handle and is activated by pushing inward. Provided in a heavy duty synthetic sheath with velcro flap closure and a belt loop. Fiscars, Inc. Gerber GATOR SERRATER p/n 06079, or Colonial Knife Company p/n J316. 8-5/8" (open), 5" (closed).

ENVIRONMENTALLY SPEAKING

GSA Global supply provides MSDS request services

The General Services Administration Heartland Global Supply operates a "Material Safety Data Sheet Request" service whereby customers worldwide can request an MSDS for any GSA-managed item, and receive that MSDS by the close of business the next business day. Requests can be made via telephone at 866-588-7659, DSN: 465-5097, or Commercial: 816-926-5097, or by sending an e-mail to MSDS@gsa.gov. Please include your name, voice telephone number, return fax number, and/or e-mail, along with the National Stock Number, Manufacturer, Product Name and/or Part Number, and the Date of the MSDS that you are requesting. Requests will be filled the next business day after the request is received.

▼ Multi-Tool (Tool Kit)

This tool kit offers greater flexibility to the Gerber Multi-Plier Pocket Survival Tool. The kit contains a multi-plier tool (5110-01-346-5339), six stainless steel screwdriver bits and a coupler that fits over the cross-tip screwdriver blade in the multi-plier. The screwdriver bits, and the coupler are stored in a rubber bit holder with slots for each of the items,

which has an extended gripping tab permitting easy removal from the sheath. The screwdriver bits are 1/4" hex inserts and consist of three flat-tip bits in sizes 12-14, 5-6, and 0-1, and three cross-tip bits in sizes Phillips #1, 2, and 3. Furnished in a black synthetic sheath with a velcro flap closure, a belt loop, and two pockets, one for the multi-plier tool and one for the rubber bit holder.

NSN 5110-01-385-7354
Price \$48.94 (EA)

Intrenching Tool

The tool is capable of being used as a shovel when fully extended and as a pick when the shovel blade is locked in position at a 90-degree angle. Hinged shovel, D-type hand grip, one serrated cutting blade edge, one axe blade edge, aluminum handle. The blade and handle can be locked into open or closed positions. Folds to 9-1/2" for storage. Length: 23-1/2".

Recycling Fun Facts!

Did you know that according to the Environmental Protection Agency (EPA), up to 90 percent of all office waste by weight is paper?

Did you also know that 77 percent of all solid waste in a commercial building can be recycled?

What can you do to reduce your office's waste, help the environment, cut costs, and be compliant with the EPA's Comprehensive Procurement Guideline (CPG)? You can purchase copier paper with post-consumer material.

Copier Paper

100% Post-Consumer Paper ▶

This product meets the need for an environmentally friendly paper, while delivering reliable, high quality performance. With 84 brightness, it is excellent paper for daily use in copiers and printers. This paper is processed chlorine free (PCF) without additional bleaching. Both paper and packaging are recyclable with general office waste. Product is 20 lb. basis weight, white. Price indicated reflects a box of 5,000 sheets. Any photos shown of this product are representative only - brand shipped may vary. Contains 100% Post-consumer materials.
