Letter from the editor

Dear MarkeTips Readers-

**T**his issue of MarkeTips is slightly delayed. Please accept our apologies for any inconvenience this late distribution may have caused. We will resume our normal distribution schedule for the July/August issue.

MarkeTips will be undergoing a number of changes over the next few issues. Some changes have already occurred, including the reorganization of the interior sections and minor changes to the interior design and layout.

The next series modifications will be more dramatic. These changes will include a complete overhaul of the magazine's layout as well as content changes. The table of contents will be expanded, and points of contact listings will be streamlined. Vendor advertisements will be distributed throughout the magazine, and the Commercial Partners section will be eliminated.

We will continue to include a theme for each issue, but we will be overhauling the nature and content of these themes. Feature articles introducing the work being accomplished by GSA's customer will become a new feature.

We hope these changes make MarkeTips a more useful and interesting magazine for you our readers.

If you have any comments or questions regarding these changes, please e-mail us at:

Thank you for your continued support.
