

(3) As required by subsection 306(b), the Secretary may make a grant to a coastal state under subsection 306(a) only if the Secretary finds that the management program of the coastal state meets all applicable requirements of this title and has been approved in accordance with subsection 306(d).

(4) As required by subsection 306(c), grants under this section shall be allocated to coastal states under approved programs based on rules and regulations promulgated by the Secretary which shall take into account the extent and nature of the shoreline and area covered by the program, population of the area, and other relevant factors. The Secretary shall establish, after consulting with the coastal states, maximum and minimum grants for any fiscal year to promote equity between coastal states and effective coastal management.

(b) *Minimum/maximum allocations.* The Assistant Administrator shall establish minimum and maximum state allocations annually, after consultation with the coastal states.

(c) *Allocation formula factors and weighting.* Each State eligible to receive a financial assistance award shall be allocated an amount of the total available Federal funding based on:

(1) A minimum share (established by the Assistant Administrator) of the total funding available for allocation to eligible State coastal management programs, plus

(2) A proportionate share of the remainder to be divided as follows:

(i) Sixty percent will be allocated based on each eligible State's proportionate share of the length of tidal shoreline and/or Great Lake shoreline mileage of all participating States based on the most recently available data from or accepted by the National Ocean Survey, and

(ii) Forty percent will be allocated on each eligible State's proportionate share of the aggregate population of all coastal counties contained in whole or in part within the designated coastal boundary of all eligible State coastal programs based on official data or the most recent U.S. census.

(3) Should any State's base allocation exceed the maximum established by the Assistant Administrator, the ex-

cess amount shall be subtracted from the established maximum and redistributed proportionately among those eligible States with allocations not exceeding the established maximum.

(d) *Use of the allocation formula.* The allocation formula shall be used to establish base level allocations for each State coastal management program eligible to receive Federal funding.

(e) *Adjustment for phase down of Federal funding.* The Assistant Administrator may adjust base level allocations as necessary to implement a phase down of Federal financial support. Any such adjustment shall be implemented in a manner which gives some priority to recently approved State coastal management programs. Options for implementation of a phase down will be submitted to the States for review and comment.

(f) *Calculation of financial assistance award levels.* Actual financial assistance award levels will be set from base level allocations, any adjustments under paragraph (e) above, and in accordance with the provisions of Section 312(c) and (d).

§923.121 General.

(a) The purpose of this subpart is to set forth the criteria and procedures for awarding coastal zone enhancement grants under section 309 of the Coastal Zone Management Act, as amended (16 U.S.C. 1456). This subpart describes the criteria States must address in developing and implementing coastal zone enhancement objectives, the procedures for allocating section 309 funds between weighted formula and individual review of proposals of special merit, how the amount of section 309

weighted formula grants will be determined, the criteria NOAA will use to evaluate and rank individual proposals of special merit, and the procedures for applying for financial assistance under section 309. This subpart also allows use of section 309 funds for implementation of program changes for up to 2 fiscal years following the fiscal year in which a program change was approved.

(b) A coastal State with an approved program under section 306 of the Coastal Zone Management Act (CZMA), as amended (16 U.S.C. 1455), is eligible for grants under this subpart if the State meets the following requirements:

(1) The State must have a NOAA approved Assessment and Strategy, submitted in accordance with NOAA guidance and 923.128;

(2) The State must be found to be adhering to its approved program and must be making satisfactory progress in performing grant tasks under section 306, as indicated by not being under interim or final sanctions; and

(3) The State must be making satisfactory progress in carrying out its previous year's award under section 309.

(c) If the Assistant Administrator finds that a State is not undertaking the actions committed to under the terms of a section 309 grant, the Assistant Administrator shall suspend the State's eligibility for future funding under this section for at least one year.

(d) A State's eligibility for future funding under this section will be restored after the State demonstrates, to the satisfaction of the Assistant Administrator, that it will conform with the requirements under this part.

(e) Funds awarded to States under section 309 are for the enhancement of existing coastal zone management programs. A State which reduces overall State financial support for its CZM program as a result of having been awarded section 309 funding may lose eligibility for funding under section 309 in subsequent years.

(f) All applications for funding under section 309 of the CZMA, as amended, including proposed work programs, funding priorities and funding awards, are subject to the administrative discretion of the Assistant Administrator and any additional NOAA guidance.

(g) Grants awarded under section 309 may be used:

(1) To support up to 100 percent of the allowable costs of approved projects under section 309 of the CZMA, as amended; or

(2) To implement program changes approved by the Secretary for up to two fiscal years following the fiscal year in which a program change was approved.

(h) All application forms are to be requested from and submitted to: National Oceanic and Atmospheric Administration, Office of Ocean and Coastal Resource Management, Coastal Programs Division, 1305 East-West Highway (N/ORM3), Silver Spring, MD 20910.

§ 923.122 Objectives.

(a) The objective of assistance provided under this part is to encourage each State with a federally-approved coastal management program to continually improve its program in specified areas of national importance. The Secretary is authorized to make grants to a coastal State for the development and submission for Federal approval of program changes that support attainment of one or more coastal zone enhancement objectives.

(b) As required by section 309(a) of the Act, for purposes of this part, the term *coastal zone enhancement objective* means any of the following objectives:

(1) Protection, restoration, or enhancement of the existing coastal wetlands base, or creation of new coastal wetlands.

(2) Preventing or significantly reducing threats to life and destruction of property by eliminating development and redevelopment in high-hazard areas, managing development in other hazard areas, and anticipating and managing the effects of potential sea level rise and Great Lakes level rise.

(3) Attaining increased opportunities for public access, taking into account current and future public access needs, to coastal areas of recreational, historical, aesthetic, ecological, or cultural value.
