

## **U.S. ARMY CORPS OF ENGINEERS**

Below are links to U.S. Army Corps of Engineers (COE) Districts which solicit and award contracts that might require ocean carriage of cargo for the performance of the contract. These links will direct you to the Contracting section for that District and will contain further links leading to active solicitations and contracts. Information on points of contact and solicitation/contract scope and basic information will be available.

North Atlantic Division, Europe District (Wiesbaden, Germany) - Supports United States government programs and policies in Western, Central and Eastern Europe, Israel, and parts of Africa.

### Pacific Ocean Division:

Alaska District (Elmendorf AFB, Alaska) - Responsible for projects throughout the entire state of Alaska

Far East District (Seoul) - DOD design and construction agent for the U.S. forces in Korea

Honolulu District (Ft. Shafter, Hawaii) - Design and construction projects everywhere in Hawaii and in U.S. Territories in the Pacific, including Guam, American Samoa, Kwajalein and the Commonwealth of the Northern Mariana Islands.

Japan District (Tokyo) - Support the DOD personnel and their families living and working in Japan

South Atlantic Division, Mobile District (Mobile, AL) - Supports the Army, Air Force, NASA and other Federal Agencies in Tennessee, Mississippi, Alabama, Florida and Central and South America

Transatlantic Programs Center (Winchester, VA) - Responsible for Army Corps of Engineers operations in the Middle East, Africa, Russia and the Central Asian states of the Former Soviet Union.

U.S. Army Engineering and Support Center (Huntsville, AL) - Supports very specialized missions that require unique technical expertise in programs that are generally national or very broad in scope and specialized support to all of the Corps' divisions and districts throughout the world
