IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder, applicable to a national securities exchange.⁷ In particular, the Commission believes that the proposed rule change is consistent with Section 6(b)(5) of the Act.⁸ The Commission notes that the proposed index dissemination requirement is similar to the index dissemination requirement used in the listing standards for narrow-based index options.⁹ The Phlx defines "one or more

⁷ In approving this proposal, the Commission has considered its impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

⁸ 15 U.S.C. 78f(b)(5).

⁹ See e.g., Chicago Board Options Exchange Rule 24.2(b); International Securities Exchange Rule 2002(b); Pacific Exchange Rule 5.13; and Philadelphia Stock Exchange Rule 1009A(b) (listing standards for narrow-based index options requiring that, among other things, the current underlying

major market data vendor" to include the Consolidated Tape Association or private vendors, such as Reuters or Bloomberg.¹⁰ The Commission believes, however, that it is critical that such service widely disseminate such index value to market participants.

The Phlx has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**. The Commission notes that it has recently approved similar proposals regarding the dissemination of the underlying index value for exchange traded funds traded on Nasdaq, the American Stock Exchange LLC ("Amex"), and the New York Stock Exchange, Inc. ("NYSE").¹¹ The Commission believes that granting accelerated approval of the proposal will allow the Phlx to immediately implement these listing standards for dissemination of the underlying index value that are in place on Nasdaq, the Amex, and the NYSE. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹² for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹³ that the proposed rule change (SR-Phlx-2005-57) be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴

Assistant Secretary.

index value be reported at least once every 15 seconds during the time the index option trades on the exchange).

¹⁰ The Commission notes, however, that if a self-regulatory organization designates a data vendor, on an exclusive basis, to disseminate an index value on behalf of the self-regulatory organization, such vendor would be an "exclusive processor" under Section 3(a)(22)(B) of the Act and, absent an exemption, required to register as a securities information processor under Section 11A(b)(1) of the Act.
