Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Assistive Technology Act of 1998, as amended (AT Act), authorizes support for activities that increase the availability of, funding for, access to, provision of, and training about assistive technology (AT) devices and AT services. Under section 4(e)(2) of the AT Act, the Secretary is authorized to provide support for States to develop, support, expand, or administer alternative

financing programs (AFPs) to allow individuals with disabilities and their family members, guardians, advocates, and authorized representatives to purchase AT devices and services. For FY 2005, section 4(b)(2)(D) of the AT Act allows the Rehabilitation Services Administration (RSA) to award grants to States or outlying areas on a competitive basis for periods of one year in accordance with the requirements of title III of the old AT Act, as modified by the FY 2005 appropriations bill, to pay for the Federal share—not more than 75 percent—of the cost of AFPs featuring one or more alternative financing mechanisms.

Priorities: We are establishing these priorities for the FY 2005 grant competition only, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA).

Absolute Priority: For FY 2005 this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Assistive Technology Alternative Financing Program

Under section 301(b) of the old AT Act, a State must establish or expand one or more of the following types of AFPs:

- (1) A low-interest loan fund.
- (2) An interest buy-down program.
- (3) A revolving loan fund.
- (4) A loan guarantee or insurance program.
- (5) A program operated by a partnership among private entities for the purchase, lease, or other acquisition of AT devices or AT services.
- (6) Another mechanism that meets the requirements of title III of the old AT Act and is approved by the Secretary.

The AFPs are designed to allow individuals with disabilities and their family members, guardians, advocates, and authorized representatives to purchase AT devices or services. If family members, guardians, advocates, and authorized representatives (including employers who have been designated by an individual with a disability as an authorized representative) receive AFP support to purchase AT devices or services, the purchase must be on behalf of an individual with a disability, i.e., the AT device or service that is purchased must be solely for the benefit of that individual.

An applicant must identify the type or types of AFP to be supported by the grant and must submit the following assurances:

- (1) *Nature of the Match:* An assurance that the State will provide the non-

Federal share (not less than 25 percent) of the cost of the AFP in cash, from State, local, or private sources (sections 301(d) and 303(b)(1) of the old AT Act, as modified by the 2005 appropriations bill). An applicant must identify the amount of Federal funds the State is requesting, the amount of cash that the State will provide as a match, and the source of the cash.

(2) *Permanent Separate Account:* An assurance that the State will ensure that—

(a) All funds that support the AFP, including funds repaid during the life of the program, will be placed in a permanent separate account and identified and accounted for separately from any other fund;

(b) If the organization administering the program invests funds within this account, the organization will invest the funds in low-risk securities in which a regulated insurance company may invest under the law of the State; and

(c) The organization will administer the funds with the same judgment and care that a person of prudence, discretion, and intelligence would exercise in the management of the financial affairs of that person (section 303(b)(5) of the old AT Act).

During the first 12-month budget period, a grantee must deposit its matching funds and its Federal award funds in the permanent and separate account.

(3) *Permanence of the Program:* An assurance that the AFP will continue on a permanent basis (section 303(b)(2) of the old AT Act).

A State's obligation to implement the AFP consistent with all of the requirements, including reporting requirements, continues until there are no longer any funds available to operate the AFP and all outstanding loans have been repaid. If a State decides to terminate its AFP while there are still funds available to operate the program, the State must return the Federal share of the funds remaining in the permanent separate account to RSA (e.g., 75 percent if the original State to Federal match was 1 to 3) except for funds being used for grant purposes, such as loan guarantees for outstanding loans. However, before closing out its grant, the State also must return the Federal share of any principal and interest remitted to it on outstanding loans and any other funds remaining in the permanent separate account, such as funds being used as loan guarantees for those loans.

(4) *Consumer Choice and Control:* An assurance that, and information describing the manner in which, the AFP will expand and emphasize

consumer choice and control (section 303(b)(3) of the old AT Act).

(5) *Supplement Not Supplant*: An assurance that the funds made available through the grant to support the AFP will be used to supplement and not supplant other Federal, State, and local public funds expended to provide alternative financing mechanisms (section 303(b)(4) of the old AT Act).

(6) *Contract With a Community-Based Organization*: An assurance that the State will enter into a contract with a community-based organization (CBO) (including a group of CBOs) that has individuals with disabilities involved in organizational decisionmaking at all organizational levels, to administer the AFP. The contract must—

(a) Include a provision requiring that the program funds, including the Federal and non-Federal shares of the cost of the program, be administered in a manner consistent with the provisions of title III of the old AT Act;

(b) Include any provision the Secretary requires concerning oversight and evaluation necessary to protect Federal financial interests; and

(c) Require the CBO to enter into a contract, to expand opportunities under title III of the old AT Act and facilitate administration of the AFP, with commercial lending institutions or organizations or State financing agencies (section 304 of the old AT Act).

During the first 12-month budget period, a grantee must enter into the contract with a CBO and ensure that the CBO has entered into the contract with the commercial lending institutions or organizations or State financing agencies.

(7) *Use and Control of Funds*: An assurance that—

(a) Funds comprised of the principal and interest from the account described in paragraph (2) *Permanent Separate Account* of this priority will be available to support the AFP; and

(b) Any interest or investment income that accrues on or derives from those funds after the funds have been placed under the control of the organization administering the AFP, but before the funds are distributed for purposes of supporting the program, will be the property of the organization administering the program (section 303(b)(6) of the old AT Act).

This assurance regarding the use and control of funds applies to all funds derived from the AFP including the original Federal award, the State matching funds, AFP funds generated by either interest bearing accounts or investments, and all principal and interest paid by borrowers of the AFP

who are extended loans from the permanent separate account.

(8) *Indirect Costs*: An assurance that the percentage of the funds made available through the grant that is used for indirect costs will not exceed 10 percent (section 303(b)(7) of the old AT Act).

For each 12-month budget period, grantees must recalculate their allowable indirect cost rate, which may not exceed 10 percent of the amount of funds in the permanent and separate account and any outstanding loans from that account.

(9) *Administrative Policies and Procedures*: An assurance that the State and any CBO that enters into a contract with the State under title III of the old AT Act will submit to the Secretary the following policies and procedures for administration of the AFP:

(a) A procedure to review and process in a timely manner requests for financial assistance for immediate and potential technology needs, including consideration of methods to reduce paperwork and duplication of effort, particularly relating to need, eligibility, and determination of the specific AT device or service to be financed through the program.

(b) A policy and procedure to ensure that access to the AFP must be given to consumers regardless of type of disability, age, income level, location of residence in the State, or type of AT device or AT service for which financing is requested through the program.

(c) A procedure to ensure consumer-controlled oversight of the program (section 305 of the old AT Act).

Grantees must submit the administrative policies and procedures required in this assurance within 12 months of the start of the grant.

(10) *Data Collection*: An assurance that the State will collect and report data requested by the Secretary in the format, with the frequency, and using the method established by the Secretary until there are no longer any funds available to operate the AFP and all outstanding loans have been repaid.

(11) *Collaboration With the Statewide AT Program*: An assurance that the AFP will enter into a written agreement with that State's statewide AT program supported under section 4 of the AT Act to coordinate activities appropriately.

Competitive Preference Priorities: Within this absolute priority, we give competitive preference to applications that address the following priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 7 points to an application, depending on how well the application meets these priorities.

These priorities are:

Need to Establish an AFP (5 additional points). This applies to a State that has not previously received a grant under title III of the old AT Act.

Need to Expand an AFP (3 additional points). This applies to a State that has previously received a grant or grants under title III of the old AT Act but has received less than a total of \$1 million in grant funds for the operation of its AFP.

Commitment of Matching Funds (2 additional points). This applies to States that submit with their application a letter of commitment from a State, local, or private source that pledges to provide the non-Federal share (25 percent) of the cost of the AFP in cash within 12 months of the receipt of the grant award.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed priorities. Ordinarily, this practice would have applied to the absolute and competitive preference priorities for the Assistive Technology Alternative Financing Program. Section 437(d)(1) of GEPA (20 U.S.C. 1232(d)(1)), however, allows the Secretary to exempt from rulemaking requirements regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under the AT Act since it was amended by the 2004 amendments and modified by the FY 2005 appropriations bill and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forego public comment on the proposed absolute and competitive preference priorities under section 437(d)(1). The absolute and competitive preference priorities will apply to the FY 2005 grant competition only.

V. Application Review Information

1. **Selection Criteria:** In evaluating an application for a grant under this competition, RSA will determine if an applicant has submitted the required assurances and if an applicant qualifies for competitive preference points.

2. **Review and Selection Process:** RSA will use an internal application review process to determine whether all the necessary assurances and required program information have been submitted.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. Until there are no longer funds available to operate the AFP and all outstanding loans have been repaid, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118 and collect and report data as requested by the Secretary.

4. **Performance Measures:** The Government Performance and Results Act (GPRA) of 1993 directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. The goal of the AFP is to reduce cost barriers to obtaining AT devices and services by providing alternative

financing mechanisms that allow individuals with disabilities and their family members, guardians, advocates, and authorized representatives to purchase AT devices and services. The following two measures have been developed for evaluating the overall effectiveness of the AFP: (1) The percent of individuals with disabilities receiving loans who would have been denied conventional financing. (2) The amount loaned to individuals with disabilities per \$1 million in Federal investment. Grantees will report data for use in calculating these measures through the data collection system required by the Secretary as stated in paragraph (10) in the list of required assurances in the absolute priority in this notice.

SUPPLEMENTARY INFORMATION:

- I. Background
- II. Current Actions
- III. Request for Comments

I. Background

The Federal Energy Administration Act of 1974 (Pub. L. 93-275, 15 U.S.C. 761 *et seq.*) and the DOE Organization Act (Pub. L. 95-91, 42 U.S.C. 7101 *et seq.*) require the EIA to carry out a

centralized, comprehensive, and unified energy information program. This program collects, evaluates, assembles, analyzes, and disseminates information on energy resource reserves, production, demand, technology, and related economic and statistical information. This information is used to assess the adequacy of energy resources to meet near and longer-term domestic demands.

The EIA, as part of its effort to comply with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35), provides the general public and other Federal agencies with opportunities to comment on collections of information conducted by or in conjunction with the EIA. Any comments received help the EIA to prepare data requests that maximize the utility of the information collected, and to assess the impact of collection requirements on the public. Also, the EIA will later seek approval from the OMB under Section 3507(a) of the Paperwork Reduction Act of 1995 to collect data under the revised form EIA-1605.

The Voluntary Reporting of Greenhouse Gases Program information collection is conducted pursuant to Section 1605(b) of the Energy Policy Act of 1992 (Pub. L. 102-486, 42 U.S.C. 13385). The Program is currently operated under General Guidelines issued in October 1994 (59 FR 52769) by the DOE's Office of Policy and International Affairs (<http://www.eia.doe.gov/oiaf/1605/guidelns.html>). The existing EIA-1605 and EIA-1605EZ forms were designed to collect voluntarily reported data on greenhouse gas emissions, reductions of these emissions, and increased carbon fixation, as well as information on commitments to reduce greenhouse gas emissions and sequester carbon in future years (<http://www.eia.doe.gov/oiaf/1605/Forms.html>).

The results of the Voluntary Reporting of Greenhouse Gases Program are summarized in the Program's most recent annual reports entitled Voluntary Reporting of Greenhouse Gases 2003: Summary (<http://www.eia.doe.gov/oiaf/1605/vrrpt/summary/index.html>) and Voluntary Reporting of Greenhouse Gases 2003 (<http://www.eia.doe.gov/oiaf/1605/vrrpt/>). Additionally, EIA produces and makes publicly available, a "public-use" database containing all the non-confidential information reported to EIA's Voluntary Reporting of Greenhouse Gases Program (<http://www.eia.doe.gov/oiaf/1605/databases.html>).
