February 11, 2005.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget

(OMB), *OIRA_Submission@omb.eop.gov* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Grain Inspection, Packers and Stockyards Administration

Title: Guidelines for Preparation of Research Proposal.

OMB Control Number: 0580-0014.

Summary of Collection: The Grain Inspection, Packers and Stockyards Administration (GIPSA) is responsible for establishment of grain standards which accurately describe the quality of grain being traded and for the uniform application of these standards in a nationwide inspection system. GIPSA maintains an external research program under which research scientists are invited to submit research grant proposals which include the objectives of the proposed work; application of the proposed work to the grain inspection system; the procedures, equipment, personnel, etc., that will be used to reach the project objectives; the costs of the project, a schedule for completion; qualifications of the investigator and the grantee organization; and a listing of all other sources of financial support for the project.

Need and Use of the Information: The information collected is used by GIPSA to determine the projects that would address the highest priority problems. The information is also critical for ensuring that the proposed projects are technically feasible and that the sponsoring organizations have the resources to support the project including personnel with the appropriate technical capabilities.

Description of Respondents: State, local or tribal government; Business or other for-profit; Not-for-profit institutions.

Number of Respondents: 2.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 40.

Commodity Credit Corporation

2004 Dairy Disaster Assistance Payment Program (DDAP)

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 the United States Department of Agriculture, Commodity Credit Corporation, is seeking comments from all interested individuals and organizations regarding a new information collection. This collection is necessary to add information collections on a new form that will be used to gather specific information from producers on their dairy production and spoilage losses suffered as a result of the 2004 hurricanes. The information collected will be used to establish eligibility and to determine payment amounts.

DATES: Comments on the information collection requirements in this notice must be received on or before April 18, 2005 to be assured consideration.

FOR FURTHER INFORMATION CONTACT: Comments regarding this information collection requirement may be directed to Danielle Cooke, telephone (202) 720-1919; fax (202) 690-1536; e-mail: *Danielle_Cooke@wdc.usda.gov*.

SUPPLEMENTARY INFORMATION:

Title: 2004 Dairy Disaster Assistance Payment Program.

OMB Number: 0560-NEW.

Type of Request: Request for Approval of a New Information Collection.

Abstract: Dairy operations are eligible to receive direct payments provided they make certifications that attest to their eligibility to receive such payments. As appropriate, these operations must certify, with respect to: (1) The producers in the dairy operation being associated with a dairy farm operation physically located in a county declared a disaster by the President of the United States in 2004 due to hurricanes; (2) the pounds of dairy production losses and dairy spoilage losses incurred as a result of any of the 2004 hurricanes; (3) that they

understand the dairy operation must provide adequate proof of monthly milk production commercially marketed by all persons in the dairy operation during the period specified by the Commodity Credit Corporation (CCC) to determine the total pounds of eligible losses incurred by the operation. The information collection will be used by CCC to determine the program eligibility of the dairy operations. CCC considers the information collected essential to prudent eligibility determinations and payment calculations. Additionally, without accurate information on dairy operations, the national payment rate would be inaccurate, resulting in payments being made to ineligible recipients, and the integrity and accuracy of the program could be compromised.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 10 minutes per response.

Respondents: Dairy Operations.

Estimated Number of Respondents: 3,000.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 2,115 hours.

Proposed topics for comment include: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information collected; or (d) ways to minimize the burden of the collection of the information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments regarding this information collection requirement may be directed to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20503, and to Grady Bilberry, Director, Price Support Division, Farm Service Agency, United States Department of Agriculture, STOP 0512, 1400 Independence Avenue, SW., Washington, DC 20250-0512 or telephone (202) 720-7901. All comments will become a matter of public record.

Signed at Washington, DC, on February 9, 2005.

James R. Little,

Executive Vice President, Commodity Credit Corporation.

BILLING CODE 3410-11-M

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

Sunshine Act Meeting

In connection with its investigation into three separate incidents at the Honeywell International Inc. plant in Baton Rouge, Louisiana, in 2003, the United States Chemical Safety and Hazard Investigation Board (CSB) announces that it will convene a public meeting starting at 10 a.m. local time on Wednesday, March 2, 2005, at the

Holiday Inn Select, Executive Center, 4728 Constitution Avenue, Baton Rouge, LA 70808, telephone (225) 925-2244.

On July 20, 2003, a release of chlorine gas from the Honeywell plant resulted in injuries to seven plant workers and issuance of a shelter-in-place advisory for residents within a half-mile radius. On July 29, 2003, a one-ton cylinder at the same plant released its contents to the atmosphere, fatally injuring a plant worker by exposure to toxic antimony pentachloride. On August 13, 2003, two workers at the plant were exposed to toxic hydrofluoric acid (HF), and one of them was hospitalized.

At the meeting CSB staff will present the Board with the results of their investigation into these three incidents, including a discussion of key findings, root and contributing causes, and proposed recommendations. The CSB staff presentation will focus on three key safety issues: hazard awareness, management of nonroutine situations, and safe operating procedures.

After the staff presentation, the Board will ask for public comments. Following the conclusion of the public comment period, the Board will consider whether to approve the final report and recommendations. All staff presentations are preliminary and are solely intended to allow the Board to consider in a public forum the issues and factors involved in this case. No factual analyses, conclusions or findings of the staff should be considered final. Only after the Board has considered the staff presentation and approved the staff report will there be an approved final record of this incident.

The meeting will be open to the public, and there is no fee or pre-registration required. Please notify CSB if a translator or interpreter is needed, at least 5 business days prior to the public meeting. For more information, please contact the Chemical Safety and Hazard Investigation Board at (202) 261-7600, or visit our Web site at: <http://www.csb.gov>.

Christopher W. Warner,

General Counsel.
