

a codeshare route on which U.S. Carrier A operates the flight.

Answer 26: Other U.S. air carriers, including U.S. Carrier A, have no obligation under section 145 to provide alternate transportation to passengers ticketed by Carrier B, because it is a foreign carrier. Our interpretation here with respect to U.S. Carrier A is limited to its obligation pursuant to section 145, however, and does not consider any other obligation that it may have to carry the passengers of its code share partner, Foreign Carrier B.

Question 27 (U.S. and Foreign air carriers): Carrier A, a U.S. air carrier, and Carrier B, a foreign air carrier, have a code share agreement in which Foreign Carrier B operates the flight. U.S. Carrier A ceases operations by reason of bankruptcy or insolvency. What requirements exist, pursuant to section 145, with regard to passengers of U.S. Carrier A and Foreign Carrier B?

Answer 27: Other U.S. air carriers have an obligation under section 145 to provide transportation to passengers ticketed by U.S. Carrier A, because it ceased operations on a route due to bankruptcy. Foreign Carrier B has no obligation under section 145 to transport the passengers of U.S. Carrier A, because section 145 applies only to U.S. carriers. Our interpretation here is limited to Foreign Carrier B's obligation pursuant to section 145, however, and does not consider any other obligation that it may have to carry the passengers of its code share partner, U.S. Carrier A.

Question 28 (U.S. and Foreign air carriers): Same as Question 27, except that Foreign Carrier B ceases operations due to bankruptcy on a code share route on which it operates the flight, leaving passengers ticketed by U.S. Carrier A without lift.

Answer 28: Other U.S. air carriers have no obligation under section 145 to provide transportation to passengers ticketed by U.S. Carrier A, because it has not ceased operations on a route due to insolvency or bankruptcy and no obligation to transport passengers ticketed by Foreign Carrier B, since it is a foreign carrier. Carrier A would, however, have obligations to the passengers holding tickets for transportation on it as set forth in its contract of carriage.

Exemption Decision

Under 49 U.S.C. 31315 and 31136(e), the FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381. This notice addresses 31 individuals who have requested renewal of their exemptions in a timely manner. The FMCSA has evaluated these 31 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Gary A. Barrett
Donald L. Jensen
James H. Opplinger
Ivan L. Beal
Daryl A. Jester
Richard S. Rehbein
Johnny A. Beutler
Robert L. Joiner, Jr.
Bernard E. Roche
Daniel R. Brewer
James P. Jones
David E. Sanders
Lynn A. Childress
Loras G. Knebel
David B. Speller
Brett L. Condon
Larry J. Lang
Lynn D. Veach

Mark W. Coulson
Dennis D. Lesperance
Dale R. Wheeler
Thomas W. Craig
John W. Locke
Charles M. Wilkins
Myron D. Dixon
Herman G. Lovell
Michael C. Wines
Terry W. Dooley
Ronald L. Maynard
Alfred C. Jenkins
William A. Moore, Jr.

These exemptions are extended subject to the following conditions: (1) That each individual have a physical exam every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by the FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136(e).

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31315 and 31136(e), each of the 31 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (63 FR 66226; 64 FR 16517; 66 FR 17994; 68 FR 35772; 65 FR 20245; 65 FR 57230; 67 FR 57266; 65 FR 45817; 65 FR 77066; 67 FR 71610; 66 FR 17743; 66 FR 33990; 67 FR 76439; 68 FR 10298; 68 FR 19598; 68 FR 33570). Each of these 31 applicants has requested timely renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the standard specified at 49 CFR

391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, the FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Comments

The FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31315 and 31136(e). However, the FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by July 11, 2005.

In the past the FMCSA has received comments from Advocates for Highway and Auto Safety (Advocates) expressing continued opposition to the FMCSA's procedures for renewing exemptions from the vision requirement in 49 CFR 391.41(b)(10). Specifically, Advocates objects to the agency's extension of the exemptions without any opportunity for public comment prior to the decision to renew, and reliance on a summary statement of evidence to make its decision to extend the exemption of each driver.

The issues raised by Advocates were addressed at length in 69 FR 51346 (August 18, 2004). The FMCSA continues to find its exemption process appropriate to the statutory and regulatory requirements.

Issued on: June 3, 2005.

Office Director, Policy, Plan, and Regulation.
