Pipeline Safety: Semi-Annual Reporting of Performance Measures for Gas Transmission Pipeline Integrity Management

AGENCY: Office of Pipeline Safety (OPS),
Research and Special Programs
Administration (RSPA), DOT.

ACTION: Notice; issuance of advisory
bulletin.

SUMMARY: This document provides
guidance to operators of gas
transmission pipelines regarding semi-
annual reporting of performance
measures for integrity management.
Operators of gas transmission pipelines
subject to Subpart O, "Pipeline Integrity
Management," must submit four overall
measures of their integrity management
performance on a semi-annual basis.
The first report was due August 31,

2004, and was the subject of RSPA/OPS
Advisory Bulletin ADB-04-02 (69 FR
43881) which published on July 22,
2004. This document provides
additional guidance for operators
regarding on-line reporting that will be
available for the report due in February
2005 and subsequent reports.

FOR FURTHER INFORMATION CONTACT:
Zach Barrett by phone at (405) 954-5559
or by e-mail at zbarrett@tsi.jcabi.gov,
regarding the subject matter of this
Advisory Bulletin. General information
about the RSPA/OPS programs may be
obtained by accessing RSPA's home
page at <http://RSPA.dot.gov>.

SUPPLEMENTARY INFORMATION:

Background

On December 15, 2003 (68 FR 69778)
RSPA/OPS published a new Subpart O
to the regulations governing safety of gas
pipelines in 49 CFR part 192. Subpart O
establishes requirements governing
integrity management programs for gas
transmission pipelines. Included among
these provisions (49 CFR 192.945) are
requirements for each transmission
pipeline operator to maintain
quantitative measures of its integrity

management performance, including at
least four overall performance measures
specified in ASME/ANSI B31.8S,
"Managing System Integrity of Gas
Pipelines", Section 9.4. The same
regulation requires that each operator
submit the four overall performance
measures to RSPA/OPS semi-annually.

The acceptable means for submitting
reports required by Subpart O are in 49
CFR 192.951. That regulation specifies
an address for submission by mail,
includes a facsimile number, and
provides that submissions may be made
through the online reporting system
provided by RSPA/OPS for electronic
reporting. The electronic system is
available at the RSPA/OPS Home Page
at <http://ops.dot.gov>. The electronic
submission form for integrity
management performance measures is
available from the "Gas IMP Reporting"
link on that page.

Advisory Bulletin ADB-04-02
informed natural gas transmission
pipeline operators that the initial
performance measures submission
required by August 31, 2004, could be
abbreviated, in recognition of the
developmental state of operator integrity
