SUPPLEMENTARY INFORMATION: On October 13, 2004, we published a direct final rule (69 FR 60813) and a parallel proposal (69 FR 60837) amending the NESHAP for pushing, quenching, and battery stacks at new and existing coke oven batteries (40 CFR part 63, subpart CCCCC). The direct final rule amendments added provisions for a control system not covered by the existing rule, adjusted the parametric compliance requirements for capture systems used to control pushing emissions, and adjusted the operation and maintenance requirements for capture systems in 40 CFR 63.7300(c)(1).

We stated in the preamble to the direct final rule and parallel proposal that if we received significant adverse comments by November 12, 2004 (or by November 29, 2004 if a public hearing was requested), on one or more distinct provisions of the direct final rule, we would publish a timely notice in the **Federal Register** specifying which provisions will become effective and which provisions will be withdrawn due to adverse comment. We subsequently received adverse comments from one commenter on the amendments to the operation and maintenance requirements for capture systems in 40 CFR 63.7300(c)(1). The direct final amendments to 40 CFR 63.7300(c)(1) included:

- 40 CFR 63.7300(c)(1), which required completion of repairs within 30 days except as allowed in paragraphs (c)(1)(i) and (ii);
- 40 CFR 63.7300(c)(1)(i), which required the facility to notify the permitting authority if the repair could be completed within 60 days; and
- 40 CFR 63.7300(c)(1)(ii), which required the facility to request an extension if the repair could not be completed within 60 days.

Accordingly, we are withdrawing all amendments to 40 CFR 63.7300(c)(1). The amendments are withdrawn as of January 10, 2005. We will take final action on the proposed rule after considering the comment received. We will not institute a second comment period on this action. The provisions for

which we did not receive adverse comment will become effective on January 11, 2005, as provided in the preamble to the direct final rule.

SUPPLEMENTARY INFORMATION: Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001, sec. 667 (Pub. L. 106-398), directed the DON to pay, from currently available appropriations, back pay to persons interned during World War II, who were selected for promotion but not available to accept the promotion. The Act authorizes payment to the former member or a surviving spouse of the deceased former member. If there is no surviving spouse of the deceased former member, no claim may be paid.

The amount of back pay payable is the amount equal to the difference between:

(1) The total amount of basic pay that would have been paid if the person had been promoted to the grade to which selected; and

(2) The total amount of basic pay that was actually paid.

The back pay computation period is the period:

(1) Beginning on the date as of when that person's promotion would have been effective for pay purposes but for the person's internment as a POW; and

(2) Ending on the earliest of:

(a) The date of the person's discharge or release from active duty;

(b) The date on which the person's promotion to that grade in fact became effective for pay purposes; or

(c) The end of World War II.

To be eligible for payment, claims must be postmarked within 2 years of publication in the **Federal Register**.

c. Serve as the focal point inside and outside of their Service for all matters pertaining to the payment of back pay for persons eligible under this regulation;
