SUPPLEMENTARY INFORMATION:

Background

The PCPFS was established by the
President of the United States and
operates under Executive Order No.
13265, continued by Executive Order
13316. The Secretary, through the Office
of the PCPFS, receives
recommendations from the Council and
is developing and coordinating a
national program to enhance physical
activity/fitness and sports programs.
Section (1)(b) of Executive Order (EO)
13265 provides that the Secretary will
"enhance coordination of programs
within and among the private and
public sectors that promote
participation in, and safe and easy
access to, physical activity and sports."
In addition, the Secretary is directed by
section (1)(c) of the EO 13265 to
"expand availability of quality
information and guidance regarding
physical activity and sports
participation." Through the authority of
section 1704 of the Public Health
Service Act, the Office of PCPFS may
support and "encourage others to
support" activities related to physical
activity/fitness, sports and health
information and promotion, including
the publication of information and
securing the cooperation of
communication media.

The purpose of the President's Challenge Physical Activity and Fitness Awards Program (the Program) is to motivate individuals six years and older to begin and continue an active lifestyle leading to enhanced physical fitness. It has reached over 70 million children and youth since its inception in 1966. The Program now focuses on three distinct program areas: physical fitness, health fitness, and active lifestyles. Adults can now participate with their children or log activities by themselves to earn the Presidential Active Lifestyle Award (PALA) and the Presidential Champions Program. Program materials are available in both English and Spanish.
