BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2005-21928; Notice 1]

Cooper Tire & Rubber Company, Receipt of Petition for Decision of Inconsequential Noncompliance

Cooper Tire & Rubber Company (Cooper) has determined that certain tires it manufactured during 2004 and 2005 do not comply with S6.5(f) of Federal Motor Vehicle Safety Standard (FMVSS) No. 119, "New pneumatic tires

for vehicles other than passenger cars." Cooper has filed an appropriate report pursuant to 49 CFR part 573, "Defect and Noncompliance Reports."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Cooper has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Cooper's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Cooper produced approximately 15,692 Cooper brand tires during the period from October 3, 2004 through April 9, 2005 that do not comply with FMVSS No. 119, S6.5(f). S6.5(f) of FMVSS No. 119 requires that each tire shall be marked with "[t]he actual number of plies * * * in the sidewall and, if different, in the tread area." The noncompliant tires were marked "tread 2 ply steel + 3 ply polyester; sidewall 3 ply polyester." The correct marking should read "tread 1 ply nylon, 2 ply steel + 3 ply polyester; sidewall 3 ply polyester."

Cooper believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted. Cooper states that "the incorrect number of tread plies on each tire does not present a safety-related defect. In addition to having the number of tread plies marked on the sidewall, the subject tires have an additional nylon tread ply." Cooper states that the tires comply with all other requirements of FMVSS No. 119.

Interested persons are invited to submit written data, views, and arguments on the petition described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods. Mail: Docket Management Facility, U.S. Department of Transportation, Nassif Building, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590-0001. Hand Delivery: Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC. It is requested, but not required, that two copies of the comments be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal holidays. Comments may be submitted electronically by logging onto the Docket Management System Web site at <http://dms.dot.gov>. Click on "Help" to obtain instructions for filing the document electronically. Comments

may be faxed to 1-202-493-2251, or may be submitted to the Federal eRulemaking Portal: go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

The petition, supporting materials, and all comments received before the close of business on the closing date indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated below.

Comment closing date: August 29, 2005.

Authority: 49 U.S.C. 30118, 30120; delegations of authority at CFR 1.50 and 501.8.

[Docket No. NHTSA-2005-21845]

Notice of Receipt of Petition for Decision That Nonconforming 2005 Mercedes Benz Type 463 Short Wheel Base Gelaendewagen Multipurpose Passenger Vehicles Are Eligible for Importation

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice of receipt of petitions for decision that nonconforming 2005 Mercedes Benz Type 463 Short Wheel Base Gelaendewagen Multipurpose Passenger Vehicles are eligible for importation.

SUMMARY: This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of two petitions for a decision that 2005 Mercedes Benz Type 463 Short Wheel Base (SWB) Gelaendewagen Multipurpose Passenger Vehicles (MPVs) that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards (FMVSS) are eligible for importation into the United States because they have safety features that comply with, or are capable of being altered to comply with, all such standards.

DATES: The closing date for comments on the petitions is August 29, 2005.

ADDRESSES: Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 am to 5 pm]. Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) or you may visit <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202-366-3151).

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(B), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS, and has no substantially similar U.S.-certified counterpart, shall be refused admission into the United States unless NHTSA has decided that the motor vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS based on destructive test data or such other evidence as NHTSA decides to be adequate.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Wallace Environmental Testing Laboratories, Inc., of Houston, Texas ("WETL") (Registered Importer 09-005), petitioned NHTSA to decide whether 2005 Type 463 SWB Gelaendewagen MPVs are eligible for importation into the United States. Shortly after WETL's petition was filed, J.K. Technologies, L.L.C., of Baltimore, Maryland (J.K.) (Registered Importer 09-006) separately petitioned NHTSA to decide whether 2005 Type 463 SWB Gelaendewagen MPVs are eligible for importation into the United States. Because the two petitions pertain to the same vehicle, NHTSA is soliciting comments on both petitions in this notice. WETL and J.K. believe that these vehicles can be made to conform to all applicable FMVSS.

In their petitions, both WETL and J.K. noted that NHTSA has granted import eligibility to the 2004 Mercedes Benz 463 SWB Gelaendewagen MPV (covered by vehicle eligibility number VCP-28) that they claim is identical to the 2005 Mercedes Benz 463 SWB Gelaendewagen MPV. Because both petitioners assert that the subject vehicles are similar to the 2004 model year vehicles that have been deemed eligible for importation under vehicle eligibility number VCP-28, we regard the petitions as pertaining to both the
