SUPPLEMENTARY INFORMATION: The current TBNMS&UP Advisory Council was established in 2001 to provide advice and recommendations to the Sanctuary Manager and the Joint Management Committee (a state/Federal body to oversee major policy, management and budget issues concerning the Sanctuary & Preserve) regarding the management and operation of the TBNMS&UP. Since its establishment, the Council has played a vital role in the decisions affecting the Sanctuary & Preserve waters. The Council's 15 voting members represent a variety of local constituent groups, as well as the general public, plus five local governmental jurisdictions.

The Council is supported by four working groups: Education, Outreach, Volunteer and Mooring Buoy Working Groups. Each group deals with matters concerning education, outreach, volunteers and resource protection.

The Council functions in an advisory capacity to the Sanctuary Manager and is instrumental in helping to develop program goals. The Council works to advise the Sanctuary Manager by keeping him informed about areas of

concern from their constituents, as well as offering recommendations on specific issues that may occur.

The Sanctuary & Preserve was established to manage and protect Thunder Bay's historic collection of over 100 shipwrecks. NOAA and the State of Michigan are equal partners in the management of TBNMS&UP. Both NOAA and the State will mutually agree on the selection of the vacant seat members.
