BILLING CODE 6750-01-C

DEPARTMENT OF DEFENSE

Defense Contract Audit Agency

32 CFR Part 317

Privacy Act; Implementation

AGENCY: Defense Contract Audit Agency.

ACTION: Proposed rule.

SUMMARY: The Defense Contract Audit Agency (DCAA) is proposing to update the DCAA Privacy Act Program Rules, 32 CFR, Part 317, by deleting references to a cancelled publication and by adding guidance concerning the blanket exemption for classified material.

DATES: Comments must be received on or before January 3, 2006 to be considered by this agency.

ADDRESSES: Send comments to Senior Advisor, Defense Contract Audit Agency, Information and Privacy, CM, 8725 John J. Kingman Road, Suite 2135, Fort Belvoir, VA 22060-6201.

FOR FURTHER INFORMATION CONTACT: Ms. Debbie Teer at (703) 767-1002.

SUPPLEMENTARY INFORMATION:

Executive Order 12866, "Regulatory Planning and Review"

It has been determined that Privacy Act rules for the Department of Defense are not significant rules. The rules do not (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy; a sector of the economy; productivity; competition; jobs; the environment; public health or safety; or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another Agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive order.

Public Law 96-354, "Regulatory Flexibility Act" (5 U.S.C. Chapter 6)

It has been determined that Privacy Act rules for the Department of Defense do not have significant economic impact on a substantial number of small entities

because they are concerned only with the administration of Privacy Act systems of records within the Department of Defense.

Public Law 96-511, "Paperwork Reduction Act" (44 U.S.C. Chapter 35)

It has been determined that Privacy Act rules for the Department of Defense impose no information requirements beyond the Department of Defense and that the information collected within the Department of Defense is necessary and consistent with 5 U.S.C. 552a, known as the Privacy Act of 1974.

Section 202, Public Law 104-4, "Unfunded Mandates Reform Act"

It has been determined that Privacy Act rulemaking for the Department of Defense does not involve a Federal mandate that may result in the expenditure by State, local and tribal governments, in the aggregate, or by the private sector, of \$100 million or more and that such rulemaking will not significantly or uniquely affect small governments.

Executive Order 13132, "Federalism"

It has been determined that Privacy Act rules for the Department of Defense do not have federalism implications. The rules do not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government.

List of Subjects in 32 CFR Part 317

Privacy.

Accordingly, 32 CFR part 317 is proposed to be amended as follows:

PART 317—DCAA PRIVACY ACT PROGRAM

1. The authority citation for 32 CFR part 317 continues to read as follows:

Authority: Pub. L. 93-579, 88 Stat. 1896 (5 U.S.C. 552a)

§ 317.4 [Amended]

2. Amend § 317.4 as follows:

- a. Remove paragraph (c)(5).
- b. Redesignate paragraphs (c)(6), (c)(7), and (c)(8) as (c)(5), (c)(6), and (c)(7).
3. Amend part 317 by adding § 317.7 as follows:

§ 317.7 Exemptions.

All systems of records maintained by DCAA will be exempt from the requirements of 5 U.S.C. 552a(d) and (e)(4)(H) pursuant to 5 U.S.C. 552a(k)(1) to the extent that the system contains any information properly classified under Executive Order 12958, that is

required by the Executive Order to be kept secret in the interest of national defense or foreign policy. This exemption, which may be applicable to parts of all systems of records, is necessary since certain record systems, not otherwise specifically designated for exemptions herein, may contain isolated items of information which have been properly classified.

Dated: October 27, 2005.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-M

POSTAL SERVICE

39 CFR Part 111

Bundling Flat-Size and Irregular Parcel Mail—Bundle Integrity

AGENCY: Postal Service.

ACTION: Proposed rule.

SUMMARY: The Postal Service proposes that mailers use two bands to secure all bundles of presorted rate flat-size mail and irregular parcels that are not shrinkwrapped. This proposal would remove the option to secure bundles up to 1 inch thick with only one band.

DATES: We must receive your comments on or before December 2, 2005.

ADDRESSES: Mail or deliver comments to the Manager, Mailing Standards, U.S. Postal Service, 475 L'Enfant Plaza SW., Rm. 3436, Washington, DC 20260-3436. You may inspect and photocopy all written comments between 9 a.m. and 4 p.m., Monday through Friday, at USPS Headquarters Library, 11th Floor North, 475 L'Enfant Plaza SW., Washington, DC 20260.

FOR FURTHER INFORMATION CONTACT: Bill Chatfield at 202-268-7278.

SUPPLEMENTARY INFORMATION: We are proposing a revision to *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)* that would require mailers to use at least two bands—one around the length and one around the girth—when only banding is used to secure bundles of flat-size and irregular parcel mailpieces. "Bundle integrity"—the ability of bundles to remain intact—is crucial for our new, high-speed Automated

Package Processing System (APPS). Bundles with only one band tend to curl up and allow mailpieces to escape the bundle. When these or other bundles break open, we lose the value of mailers' presort, and we have to handle individual pieces manually. Manual
