The information collection packages that may be included in this notice are for new information collections, approval of existing information collections, revisions to OMB-approved information collections, and extensions (no change) of OMB-approved information collections.

Written comments and recommendations regarding the information collection(s) should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer. The information can be mailed and/or faxed to the individuals at the addresses and fax numbers listed below:

The marital history of the claimant's wife or husband, when compared to the worker's marital history (as supplemented by Form SSA–3–F6), enables the fact finder to determine if the claimant has the necessary relationship to the worker. Where the spouse and worker were ceremonially married, the worker's statement on his/her marital history that he/she was ceremonially married to the claimant's spouse and the claimant's spouse statement that he/she was ceremonially married to the worker generally constitute evidence of a ceremonial marriage in lieu of obtaining a marriage certificate.

Security Income Payments—Adult, Form SSA-3988; Statement for Determining Continuing Eligibility for Supplemental Security Income Payments—Child, Form SSA-3989—20 CFR Subpart B—416.204-0960—NEW.

Background

The Social Security Act mandates periodic redeterminations of non-medical factors relating to SSI recipient's continuing eligibility for SSI payments. SSA studies have indicated that as many as two-thirds of these scheduled redeterminations, which are completed with the assistance of an SSA employee, do not result in any change in circumstances that affects the recipients payment. SSA has conducted extensive testing of both of the SSA-3988 and SSA-3989, under OMB Control Number 0960-0643, and has validated that these redetermination formats result in significant operational

savings and a decrease in recipient inconvenience while still obtaining timely, accurate data to determine continuing eligibility through the process.

The Collection

Forms SSA-3988 and SSA-3989 will be used to determine whether SSI recipients have met and continue to meet all statutory and regulatory non-medical requirements for SSI eligibility, and whether they have been and are still receiving the correct payment amount. The SSA-3988 and SSA-3989 are designed as self-help forms that will be mailed to recipients or to their representative payees for completion and return to SSA. The respondents are recipients of SSI payments or their representatives.

Type of Request: New information collection.

Forms	Respondents	Frequency of response	Average burden per response (minutes)	Estimated annual burden (hours)
SSA-3988	650,000	1	26	281,667
SSA-3989	65,000	1	26	28,167

5. Denial of Title II Benefits to Fugitive Felons—0960—New. Specifically, Section 203 of the SSPA prohibits payment of title II benefits:

- To persons fleeing to avoid prosecution or custody or confinement after conviction, under the laws of the place from which the person flees, for a crime, or an attempt to commit a crime, which is a felony under the laws of the place from which the person flees; or
- In jurisdictions that do not define crimes as felonies, where the crime is punishable by death or imprisonment for a term exceeding 1 year regardless of the actual sentence imposed; and
- To persons violating a condition of probation or parole imposed under Federal or State law.

To identify claimants who should not be receiving benefits, the Commissioner directed that we add specific questions to title II applications that solicit information about any outstanding felony warrants or warrants for parole/probation violations.

In addition, SSA will collect supplemental information if a claimant responds affirmatively to either or both of the two fugitive felon questions on title II applications, thereby indicating that they have an unsatisfied warrant. Answers to these questions will be used to verify that a warrant is still outstanding. An SSA claims

representative will contact beneficiaries by telephone to collect the information. Respondents will be claimants for benefits who indicated on their application that they have an unsatisfied warrant.

Type of Request: New information collection.

Number of Respondents: 10,000.

Frequency of Response: 1.

Average Burden Per Response: 8 minutes.

Estimated Annual Burden: 1,333 hours.

Dated: August 17, 2005.

Reports Clearance Officer, Social Security Administration.
