Intent to Prepare a Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for a Permit Application for Navigation Modifications and Improvements as Part of the San Pedro Waterfront and Promenade Development, in the Port of Los Angeles, Los Angeles County, CA

AGENCY: U.S. Army Corps of Engineers, DOD.

ACTION: Notice of intent (NOI).

SUMMARY: The U.S. Army Corps of Engineers (Corps) Los Angeles District in conjunction with the Los Angeles Harbor Department (Port) is examining the feasibility of various waterside navigation improvements as part of the Port's proposed San Pedro Waterfront and Promenade redevelopment proposal in the Port of Los Angeles. The Corps is considering the Port's application for a Department of the Army permit under Clean Water Act Section 404 and River and Harbor Act Section 10 to conduct dredge and fill activities and construct various navigation improvements.

The primary Federal involvement is the discharge of dredge and/or fill materials within waters of the United States, work (e.g. dredging) and structures in or affecting navigable waters of the United States, and potential impacts on the human environment from such activities. Therefore, in accordance with the National Environmental Policy Act (NEPA), the Corps is requiring the preparation of an Environmental Impact Statement (EIS) prior to rendering a final decision on the Port's permit application. The Corps may ultimately make a determination to permit or deny the above project or permit or deny modified versions of the above project.

Pursuant to the California Environmental Quality Act (CEQA), the Port will serve as Lead Agency for the Preparation of an Environmental Impact Report (EIR). The Corps and the Port have agreed to jointly prepare a Draft EIS/EIR for the improvements at Berth 136-147 in order to optimize efficiency and avoid duplication. The Draft EIS/EIR is intended to be sufficient in scope to address both the Federal and the state and local requirements and environmental issues concerning the proposed activities and permit approvals.
