

I understand that the National Telecommunications and Information Administration (NTIA) is proposing a special, excessively burdensome application process for nursing home residents to obtain coupons for digital conversion of their televisions. Specifically, if nursing home administrators apply on behalf of a resident, they will have to include a copy of the facility's operating license with each application. I urge you to eliminate these requirements and ease the process for nursing home administrators to help their residents with this process.

Thanks,

Ron

Be strong and take heart, all you who hope in the Lord. Psalm 31:24
