

Title: Insurer Reporting Requirement for 49 CFR Part 544.

OMB Control Number: 2127-0547.

Affected Public: Business or other for-profit.

Form Number: The collection of information uses no standard forms.

Abstract: This information collection supports the Department's strategic goal of Economic Growth and Trade. The Motor Vehicle Theft Law Enforcement Act of 1984, added Title VI to the Motor Vehicle and Information Cost Savings Act (recodified as Chapter 331 of Title 49, United States Code) (copy attached) which mandated this information collection. The 1984 Theft act was amended by the Anti Car Theft Act (ACTA) of 1992 (Pub. L. 102-519). NHTSA is authorized under 49 U.S.C. 33112, to collect this information. This information collection supports the agency's economic growth and trade goal through rulemaking implementation developed to help reduce the cost of vehicle ownership by reducing the cost of comprehensive insurance coverage. 49 U.S.C. 33112 requires certain passenger motor vehicle insurance companies and rental/leasing companies to provide information to NHTSA on comprehensive insurance premiums, theft and recoveries and actions taken to address motor vehicle theft.

Estimated Annual Burden: Based on prior years' insurer compilation information, the agency estimates that the time to review and compile information for the reports will take approximately a total of 66,300 burden hours (56,700 man-hours for 28 insurance companies and 9,600 man-hours for 17 rental and leasing companies). Most recent year insurer compilation information estimates that it takes an average cost of \$36.00 per hour for clerical and technical staff to prepare the annual reports. Therefore, the agency estimates the total cost associated with the burden hours to be \$2,386,800.

The burden hour for rental and leasing companies is significantly less than that for insurance companies because rental and leasing companies comply with fewer reporting requirements than the insurance companies. The reporting burden is based on claim adjusters' salaries, clerical and technical expenses, and labor costs.

Number of Respondents: 45.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of

the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued on: November 22, 2005.
