Approval and Promulgation of Implementation Plans; Tennessee: Nashville Area Second 10-Year Maintenance Plan for the 1-Hour Ozone National Ambient Air Quality Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve a revision to the Tennessee State Implementation Plan (SIP) submitted in final form on August 10, 2005. The SIP revision provides the second 10-year maintenance plan for the Nashville (Middle Tennessee) 1-hour ozone maintenance area (Nashville Area, which is composed of the following five counties: Davidson, Rutherford, Sumner, Williamson, and Wilson. The Nashville Area is still required to fulfill obligations under the 1-hour ozone national ambient air quality standard (NAAQS), because EPA has deferred the effective date of the designation for the Nashville Area under the newer 8-hour ozone NAAQS due to participation in an Early Action Compact. EPA is proposing to approve this SIP revision because it satisfies the requirement of the Clean Air Act for the second 10-year maintenance plan for the Nashville Area.

In addition, in this rulemaking, EPA is providing information on its transportation conformity adequacy determination for new motor vehicle emission budgets (MVEBs) for the year 2016 that are contained in the second 10-year 1-hour ozone maintenance plan for the Nashville Area. EPA determined that the 2016 MVEBs are adequate in a previous action. EPA is also proposing to approve the 2016 MVEBs in this action.

In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no significant, material, and adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this

proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Written comments must be received on or before December 1, 2005.

ADDRESSES: Comments may be submitted by mail to: Anne Marie Hoffman Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960.

Comments may also be submitted electronically, or through hand delivery/courier. Please follow the detailed instructions described in the direct final rule, **ADDRESSES** section which is published in the Rules section of this **Federal Register**.

Performance Specification 16 for Predictive Emission Monitoring Systems and Amendments to Testing and Monitoring Provisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; reopening of comment period.

SUMMARY: This action reopens the public comment period for the action entitled "Performance Specification 16 for Predictive Emission Monitoring Systems and Amendments to Testing

and Monitoring Provisions” that was proposed in the **Federal Register** on August 8, 2005 (70 FR 45608). The 60-day comment period in the proposal ended October 8, 2005. The comment period is being reopened for two weeks, from November 2–16, 2005. A public commenter requested that the comment period be reopened to allow them to prepare their response since they are a leading vendor of predictive emission monitoring systems and are significantly impacted by the rule. The intended effect of this action is to allow the affected public sufficient time to review and comment on the proposed action.

DATES: Comments: The comment period is reopened for two weeks, from November 2–16, 2005. Comments must be received during this two week period.

ADDRESSES: Comments. You may submit comments electronically, by mail, by facsimile, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” The EPA is not required to consider these late comments. However, late comments may be considered if time permits.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. The EPA’s policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA’s electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EDOCKET.* Your use of EPA’s electronic public docket to submit comments to EPA electronically is EPA’s preferred method for receiving

comments. Go directly to EDOCKET at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. To access EPA’s electronic public docket from the EPA Internet Home Page, select “Information Sources,” “Dockets,” and “EDOCKET.” Once in the system, select “search,” and then key in Docket ID No. OAR–2003–0074. The system is an “anonymous access” system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *http://www.regulations.gov.* Electronic comments may also be sent through the federal wide eRulemaking Web site at <http://www.regulations.gov>.

iii. *E-mail.* Comments may be sent by electronic mail (e-mail) to *a-and-r-docket@epamail.gov*, Attention: Docket ID No. OAR–2003–0074. In contrast to EPA’s electronic public docket, EPA’s e-mail system is not an “anonymous access” system. If you send an e-mail comment directly to the Docket without going through EPA’s electronic public docket, EPA’s e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA’s e-mail system are included as part of the comment that is placed in the official public docket and made available in EPA’s electronic public docket.

iv. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send duplicate copies of your comments to: “Performance Specification 16 for Predictive Emission Monitoring Systems,” Environmental Protection Agency, Mail Code 6102T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, Attention: Docket ID No. OAR–2003–0074.

3. *By Hand Delivery or Courier.* Deliver your comments to: EPA Docket Centers, EPA West, Room 108, 1301 Constitution Ave., NW., Washington, DC 20460, Attention: Docket ID No. OAR–2003–0074. Such deliveries are only accepted during the Docket’s normal hours of operation as identified in Unit I.B.1.

4. *By Facsimile.* Fax your comments to: 202–566–1741, Attention: Docket ID. No. OAR–2003–0074.

Docket. Docket No. OAR–2003–0074, contains information relevant to this rule. You can read and copy it between 8:30 a.m. and 5:30 p.m., Monday through Friday, (except for Federal holidays), at the U.S. Environmental

Protection Agency, EPA Docket Center, EPA West, Room 108, 1301 Constitution Ave., Washington, DC 20004; telephone (202) 566–1742. The docket office may charge a reasonable fee for copying.
