■ 2. Section 630.205 is added to read as follows:

§ 630.205 Credit for non-Federal and uniformed service for determining annual leave accrual rate.

(a) The head of an agency or his or her designee may, at his or her sole discretion, provide credit for service that otherwise would not be creditable

under 5 U.S.C. 6303(a) for the purpose of determining the annual leave accrual rate of a newly appointed employee or an employee who is reappointed following a break in service of at least 90 calendar days after his or her last period of civilian Federal employment. The head of the agency or his or her designee must determine that the skills and experience the employee possesses are—

(1) Essential to the new position and were acquired through performance in a non-Federal position having duties that directly relate to the duties of the position to which he or she is being appointed; and

(2) Necessary to achieve an important agency mission or performance goal.

(b) Notwithstanding 5 U.S.C. 6303(a), the head of an agency or his or her designee may, at his or her sole discretion, provide credit for active duty uniformed service that otherwise would not be creditable under 5 U.S.C. 6303(a) for the purpose of determining the annual leave accrual rate of an employee who is a retired member of a uniformed service as defined by 38 U.S.C. 4303. (c) When the head of an agency or his or her designee makes a determination to provide credit for non-Federal service or active duty in the uniform services under paragraph (a) or (b) of this section, he or she must determine the amount of service that will be credited. The amount of service credited may not exceed the actual amount of service during which the employee performed duties directly related to the position to which the employee is being appointed.

(d) An employee must provide written documentation, acceptable to the agency, of his or her non-Federal or uniformed service.

(e) The agency must establish documentation and recordkeeping procedures sufficient to allow reconstruction of each action.

(f) Credit for prior non-Federal or uniformed service work experience under paragraph (a) or (b) of this section is granted to the employee upon the effective date of his or her initial appointment to the agency or reappointment after a 90-day break in service and remains creditable for

annual leave accrual purposes thereafter unless the employee fails to complete 1 full year of continuous service with the appointing agency.

(g) If an employee separates from Federal service or transfers to another agency before completing 1 full year of continuous service with the appointing agency—

(1) Any credit under paragraph (a) or (b) of this section must be subtracted from the employee's total creditable service before the employee transfers or separates, and the agency must establish a new service computation date for leave accrual purposes under 5 U.S.C. 6303(a);

RIN 2120-AA66

Revision of VOR Federal Airway 208

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies Federal Airway 208 (V-208) by changing the originating point of the airway from the Santa Catalina, CA, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC) to the Ventura, CA, VORTAC. This modification extends V-208 by incorporating a route segment that air traffic control (ATC) frequently assigns to aircraft arriving in the Los Angeles, CA, terminal area. This action will enhance air safety, simplify routings,

and reduce controller workload in the Southern California area.

EFFECTIVE DATES: 0901 UTC, July 7, 2005.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules, Office of System Operations and Safety, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On October 28, 2004, the FAA published in the **Federal Register** a notice proposing to revise V-208 between the Ventura, CA, VORTAC and the Santa Catalina, CA, VORTAC (69 FR 62832). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. One comment was received in support of the proposal as long as the airway is charted prior to use as an airway. We agree with the comment. The airway will be effective concurrent with charting. With the exception of editorial changes, this amendment is the same as that proposed in the notice.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 (part 71) to modify V-208 by changing the originating point of the airway from the Santa Catalina, CA, VORTAC to the Ventura, CA, VORTAC. The revision incorporates a routing that is currently issued by ATC when managing aircraft in the Los Angeles, CA, terminal area. Extending V-208 as described above will significantly reduce pilot-controller communications, alleviate radio frequency congestion, reduce the potential for pilot readback errors, and enhance the management of aircraft operations in the Southern California area.

Domestic VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.9M dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. The domestic VOR Federal airway listed in this document will be published subsequently in the order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory

Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
